

2014 ACCORD

LOOKING FOR THE RIGHT CAR? FUNNY, IT'S LOOKING FOR THE RIGHT DRIVER.

You deserve a car that exceeds your expectations. The 2014 Accord Sedan was designed to do that, and so much more. The exterior has a truly distinct and aggressive look. The engine, whether it's the 2.4-litre, Direct Injection DOHC, i-VTEC® 4-cylinder engine or the available 3.5-litre i-VTEC V6 engine, is powerful and efficient thanks to Earth Dreams™ technology. The luxurious cabin has something for every passenger, like heated front seats and available heated rear seats. Plus, the Accord Sedan has innovative visibility-enhancing features including the available Honda-exclusive LaneWatch™ blind spot display,⁹ the available Lane Departure Warning⁸ (LDW) system and the available Forward Collision Warning⁴ (FCW) system. And then there's the added comfort of knowing we've created all of these features with you, and your expectations, in mind.

THE COUPE DESIGNED JUST BY LISTENING.

We took the reliability and many of the features you expect from the Accord Sedan. Then we added the sleek style and sporty handling you want from a coupe. This simple combination is how we made the 2014 Accord Coupe the kind of unique ride you're looking for. But it also stands out from the Accord Sedan thanks to features like an available manual 6-speed gearbox with V6 engine, larger stabilizer bars and a lowered ride height that gives the vehicle a lower centre of gravity. These work together to deliver enhanced handling and control of the Coupe's 2.4-litre, Direct Injection DOHC, i-VTEC® 4-cylinder engine or available 3.5-litre i-VTEC V6 engine. Plus, there's the stylish design, exceptionally comfortable cabin and total connectivity through the HondaLink™^{5,11,12} system. All these features add up to give the Accord Coupe a commanding presence on the road.

NOT COMING SOON TO A GAS STATION NEAR YOU.

The award-winning design you've come to expect from the Accord will soon come with the eco-friendly efficiency of a hybrid sedan. Under the hood, the Accord Hybrid features a new, intelligent, two-motor hybrid powertrain which effectively pairs performance and fuel economy. This allows you to seamlessly shift through the vehicle's three distinct driving modes: EV Drive, Hybrid Drive and Engine Drive. With EV Drive, the Accord goes into electronic-only mode at lower speeds. In Hybrid Drive, the 124-kilowatt electric motor and all-new 2.0-litre DOHC, i-VTEC[®] Atkinson cycle engine work together for powerful acceleration and improved efficiency. And Engine Drive lets you take full advantage of raw i-VTEC power. The vehicle is also loaded with the same innovative technology, safety features and elegant luxury you find in every Accord. Plus, it has its own unique exterior design, including a deck lid spoiler, a blue-accented grille and blue front headlight lenses. When it arrives in fall 2013, you'll see why the Accord Hybrid is as focused on its passengers as it is on the planet.

Visit honda.ca for more details.

LED LIGHTS

The available projector-beam LED headlights, available LED daytime running lights and available LED taillamps give you as much style as they do function.

DUAL EXHAUST WITH CHROME FINISHERS

The available dual exhaust with chrome finishers are an impressive design touch that you'll appreciate as much as the drivers behind you.

ALUMINUM-ALLOY WHEELS

At the base of the Accord, the available 18" aluminum-alloy wheels were designed for those who pay attention to every last detail. And on the LX trim, standard 17" aluminum-alloy wheels grab their fair share of attention.

YOUR CAR SAYS A LOT ABOUT YOU. ESPECIALLY WHEN IT LEAVES OTHERS SPEECHLESS.

The sophisticated exterior of the Accord doesn't just please the eyes, it thrills them. We sculpted the Sedan and Coupe with a bold, athletic look that suits the car's sporty driving character. The stylish exterior is further highlighted by a chrome grille, available chrome door handles, and body-coloured side mirrors. The available dual exhaust with chrome finishers combines with all of these design touches to give the Accord a profile that's quite distinct. Now, other drivers won't just notice that you've arrived, but what you've arrived in.

HEADROOM. LEGROOM. VIP ROOM.

Inside the Accord, the elegant interior indulges every need of driver and passenger alike. From styling and technology to amenities, the Accord is loaded with upgrades that give it a distinct level of sophistication. There's the luxury of heated front seats and available heated rear seats. There's the control of the driver's seat with 8-way power adjustment, lumbar support and available seat position memory. There's the customizable comfort of the available dual-zone automatic climate control with air-filtration system. There's the soothing sounds of the available 7-speaker Premium audio system, which can be enjoyed to the fullest with Active Noise Cancellation (ANC) keeping outside noise at bay. And there's the unmistakable Honda craftsmanship of the available perforated leather-trimmed seating surfaces and available leather-wrapped steering wheel. Take a seat in the Accord and indulge yourself on the road.

TECHNOLOGY YOU'LL TWEET YOUR FRIENDS ABOUT.

The Accord is loaded with a host of cutting-edge technology features to simplify your life and keep you in the loop, even when you're offline.

LaneWatch™ BLIND SPOT DISPLAY
This available feature uses a camera on the passenger's side mirror designed to greatly reduce your blind spot on that side.⁹ Signal right and live video displays on your dashboard screen, revealing nearly four times more area than the mirror alone.

LANE DEPARTURE WARNING (LDW) SYSTEM
Using a camera behind the rearview mirror, the available Lane Departure Warning⁸ system is designed to monitor vehicle lane position and alert you when you drift into a new lane without signaling.

FORWARD COLLISION WARNING (FCW) SYSTEM
The available Forward Collision Warning⁴ system uses an onboard camera designed to detect the presence of vehicles in front of you and issues alerts if you're approaching with too much speed.

HondaLink™
The available HondaLink^{5,11,12} featuring Aha™^{12,16} by HARMAN lets you put your phone away, yet remain in touch with the outside world. It connects you to cloud-based media, such as news, music and podcasts, all controlled through voice recognition, your audio touch screen or conveniently placed steering wheel-mounted audio controls.

i-MID
The 8" i-MID (intelligent Multi-Information Display) not only keeps you connected to the Accord's text message¹⁰ and e-mail¹⁰ functionality, it also provides a host of important vehicle information such as fuel efficiency and trip range, as well as other features like audio and phone info, the standard rearview camera² and available navigation system.

PROXIMITY KEY ENTRY SYSTEM WITH PUSHBUTTON START
The Accord comes with an available proximity key entry system with pushbutton start that lets you unlock its doors without taking your keys out of your pocket or purse. It also allows you to pop the trunk or start the engine with just the push of a button.

ECON MODE

The vehicle's fuel efficiency is further enhanced by the ECON button. One push and your Accord goes into ECON mode, automatically adjusting its engine and other auxiliary systems to go from efficient to ultra-efficient.

ECO ASSIST™

Eco Assist uses white and green bars on either side of the speedometer to show how efficiently you're driving, allowing you to adjust your driving accordingly. The more you keep the bars green, the less gas you'll use.

ADVANCED VARIABLE CYLINDER MANAGEMENT® (VCM®)

The Accord achieves its efficient performance with the help of its VCM system, available on trims with a V6 engine with automatic transmission. It operates with 3 cylinders to enhance fuel efficiency and with 6 cylinders when greater power is needed.

AN ENGINE POWERED BY CRANKS, PISTONS AND A VISION.

Not only is the Accord thrilling to drive, it's also exceptionally fuel-efficient. That's because it features our revolutionary Earth Dreams™ powertrain technology that simultaneously improves fuel economy and performance. As a result, the vehicle's available engines have reduced friction and improved torque. Plus, the available transmissions sport enhanced acceleration and responsiveness through wide ratios and sporty shift programming. Together, they offer great fuel efficiency and fun-to-drive performance, all of it born from our desire to protect the environment and deliver an unforgettable driving experience.

The Accord features a 2.4-litre, 16-valve, Direct Injection DOHC, i-VTEC® 4-cylinder engine, paired with either a 6-speed manual transmission or the continuously variable transmission (CVT). Or you can opt for the 3.5-litre, 24-valve, SOHC, i-VTEC V6 engine, available on the Coupe and Sedan, paired to a 6-speed automatic transmission or a 6-speed manual transmission (Coupe only). No matter which one you go for, you can enjoy an exhilarating driving experience as well as improved fuel economy.

SOLID ON SAFETY.

At Honda, your safety has always been our highest priority. That's why the 2013 Accord received the highest possible rating from the Insurance Institute for Highway Safety (IIHS) and as a result was named a 2013 *TOP SAFETY PICK+*. It's also why the 2014 edition has standard features like the ACE™ II body structure, Vehicle Stability Assist² and Smartvent™ side airbags, designed to help keep you and your family safe.

ACE II BODY STRUCTURE

The highly innovative, next generation Advanced Compatibility Engineering™ (ACE™) II body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in severe collisions, to help prevent intrusion into the passenger cabin.

STANDARD AIRBAGS

The Accord comes with six standard airbags, surrounding you with safety features. It features Smartvent™ side airbags, a Honda safety innovation, designed to deploy safely in a manner that helps mitigate the risk of injury to smaller occupants in the front seats. On top of all that, it features a side curtain airbag with a wider deployment profile designed to help enhance ejection mitigation.

PEDESTRIAN SAFETY

Innovative pedestrian safety features include energy-absorbing hood and front fenders and breakaway wiper pivots.

CONTROLLED BRAKING

To help with safe stopping, the 4-wheel Anti-lock Braking System² (ABS) helps you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. Brake Assist further helps to improve braking performance by applying full brake pressure when a panic stop is detected.

VEHICLE STABILITY ASSIST (VSA®)

Vehicle Stability Assist² with Traction Control senses and helps to correct oversteer and understeer scenarios to enhance handling and cornering stability. It also helps to minimize wheel spin when accelerating on loose or slippery surfaces, inspiring greater driver confidence.

CHILD SAFETY

The Accord features childproof rear door locks, as well as rear seat Lower Anchors and Tethers for Children (LATCH) which helps provide secure child-seat restraint.

SEAT BELT SAFETY

The Accord helps prepare you for the unexpected with 3-point height-adjustable seat belts with front pretensioners and a 3-point rear centre seat belt.

SEDAN ACCESSORIES

PACKAGES AND KITS

PROTECTION PACKAGE

- > All-weather floor mats
- > Rear splash guards
- > Trunk tray

ACCORD FUNDAMENTAL PACKAGE

- > Cargo hooks
- > Cargo net

PROSTYLE PACKAGE

- > All-weather floor mats
- > Door sill trim illuminated, blue
- > Grille trim
- > Trunk tray

REMOTE ENGINE STARTER KIT

Accessories listed in the packages may also be added individually to your Sedan.

OTHER ACCESSORIES AVAILABLE

- > 17" or 19" SBC alloy wheels
- > All-season floor mats – high wall
- > Auto day/night mirror
- > Car cover
- > Deck lid spoiler
- > Door edge film or guards
- > Door sill trim
- > Door visors
- > Engine block heater
- > Fog lights
- > Front, rear and side underbody spoilers
- > Full nose mask
- > Hood edge deflector
- > Interior illumination
- > Moonroof visor
- > Rear back-up sensors
- > Rear bumper appliqué
- > Rear seat cover
- > Rear wing spoiler
- > Trunk edge and bumper protector

THE POWER OF DREAMS, IN ALL THEIR FORMS.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology, the race-inspired performance of our motorcycles and automobiles, the mobility-assisting robot ASIMO, the high-flying HondaJet and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to do everything we can to help preserve our planet. This belief is why we make every effort to ensure preservation of the environment in all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 76,000 trees in Canada over the last 7 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power Of Dreams.

WE'LL SEE YOU SOONER.

Can't wait to get even more info on the Accord? Visit us at honda.ca. With downloads, a robust selection of images, and the handy Build & Price page, you can see why the Accord is the car made better for you in every way.

WE'RE HERE. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

STANDARD WARRANTY. All of our vehicles come with the Honda 5-year/100,000-km warranty. You and your new Honda are also protected by an additional series of warranties for such items as emission controls, body corrosion and more.

HONDA FINANCIAL SERVICES. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

WE'RE READY TO HELP. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus

Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

QUALITY HONDA ACCESSORIES give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

GENUINE HONDA REPLACEMENT PARTS are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

NEED MORE INFORMATION? GET THE LATEST PHOTOS, MSRPS, FEATURES, ACCESSORIES, SPECS AND MORE AT HONDA.CA

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. ¹Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures. ²Does not replace the driver's responsibility to exercise due care while driving. ³For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. ⁴Forward Collision Warning (FCW) cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁵Only compatible with certain devices. ⁶HomeLink[®] can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.). Additional control devices not provided by Honda may be required. ⁷Map Database of the Honda Satellite-Linked Navigation System covers major metropolitan areas in southern Canada and the 48 contiguous U.S. states. For a list of current detailed coverage areas, refer to the Honda web site, www.honda.ca. ⁸Lane Departure Warning (LDW) only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁹Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. ¹⁰Text message and e-mail functions are only compatible with certain devices. Only use these functions when conditions allow you to do so safely. ¹¹Standard data rates may apply. ¹²Launch smartphone applications only when the vehicle is safely parked. ¹³Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.siriusxm.ca. ¹⁴Based on 2014 EnerGuide Fuel Consumption Guide ratings published by Natural Resources Canada. Transport Canada approved test methods used. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. ¹⁵Compatible smartphone required. All Aha platform feeds are audible, not visual in nature. Vehicle does not provide any feeds.
