

2014 CR-V

YOUR GO-TO FOR EVERY TO-DO.

From daily deeds to weekend trips to weeklong adventures, the CR-V does nearly everything you want or need it to do. The style of big city sophistication? It has that. The exceptional efficiency of a powerful Honda i-VTEC® engine to get you far away from the city? It has that. The versatile cargo space to handle everything from a trip to the store to a camping trek across the country? It was built for that. Tech-savvy features that let you sync your compatible smartphone with your CR-V? It has those, too. And how about solid driving control? That's what we call Real Time AWD™ with Intelligent Control System™. We could go on, but you've got things to do. And whatever those things are, the CR-V was designed to do, well, pretty much all of them.

THE STRONG, SCULPTED TYPE.

The first thing you'll notice about the CR-V is the sculpted form. At first sight, it doesn't just turn your head. It radiates sophistication and strength with modern curves, a dynamic front grille and available sporty 17" aluminum-alloy wheels. Its sleek style continues with available features like chrome door handles and handy roof rails. And then there's an available one-touch power moonroof with tilt feature to complete the design that's the perfect mix of leisure and lavishness.

IT HOLDS YOUR INTERESTS.

The CR-V was built for multi-tasking. With the easy fold-down 60/40 split rear seatback, you simply use the one-pull lever or strap to make each rear seat automatically fold down flat, so you're ready to take on loads of all shapes and sizes.⁴ Or take advantage of the extensive cargo space by loading up for a journey with no set return date. And with one of the lowest cargo floors in its class, you can pack tons of stuff and still see out the rear window. Plus, it makes loading and unloading all your gear that much easier.

Since you'll be doing a lot in your CR-V, we took the time to ensure every inch of the interior has an exceptional fit, finish and feel. Driver and passenger alike will take comfort in the standard heated seats, available leather trimmed seating surfaces and abundant leg and headroom. The driver's seat with available 10-way power adjustment gives you total control so you can always make yourself feel comfortable. We also designed the interior to reduce cabin noise, so you can better hear yourself bragging to your passengers about everything you can do in your CR-V.

TECH, PLEASE.

The CR-V is loaded with advanced features that let you get things done. But that's no excuse to take your hands off the wheel, so go ahead, make calls⁵ and receive text messages²⁰ with the push of a wheel-mounted button. Get precise turn-by-turn directions from the i-MID with the available Honda Satellite-Linked Navigation System.^{TM7} Play music from your MP3 player.⁵ Customize vehicle settings and a whole lot more on the i-MID. Watch your back with the standard multi-angle rearview camera.² Or really pump up the volume with an available 7-speaker, 328-watt audio system. We've done a lot with the CR-V's technology so you can do a lot with your CR-V.

KEY TECH FEATURES.

Touring model shown.

MULTI-ANGLE REARVIEW CAMERA

A multi-angle rearview camera² comes standard, so you'll always be able to watch your back. Choose from three different views that are displayed on the i-MID screen or available navigation display, and use the guidelines to know when you're getting too close for comfort.

NAVIGATION SYSTEM

The available Honda Satellite-Linked Navigation System^{TM7} with trilingual Voice Recognition can recognize numbers, street names and cities, along with 700 other commands. Plus, turn-by-turn directions are displayed on the colour i-MID display and spoken over the audio system.

HANDSFREELINK™-BILINGUAL BLUETOOTH®

The standard HandsFreeLink-bilingual Bluetooth⁵ connects with your compatible smartphone so you can make or answer calls without taking your hands off the wheel. Plus, Bluetooth Streaming Audio⁵ plays music from your compatible device.

TEXT MESSAGING

The CR-V lets you receive text messages²⁰ from your compatible smartphone, with i-MID or the available navigation screen notifying you of a new text. From there, you can choose to have the message read aloud, select from six preset replies, or call the sender.

7-SPEAKER AUDIO SYSTEM

The available 328-watt AM/FM/CD 7-speaker audio system, including subwoofer, lets you make the most of your music. The available SiriusXM^{TM13} and standard USB audio interface⁵ and MP3 input jack mean there's a playlist for every passenger, while the i-MID lets you see what you're playing.

i-MID

The i-MID (intelligent Multi-Information Display) is the centre from which all of the CR-V's technology flows. It's where you pick your tunes, customize your vehicle settings, and view turn-by-turn directions when equipped with the available Honda Satellite-Linked Navigation System^{TM7}.

ECON Button

Eco Assist™ – Efficient

Eco Assist™ – More Efficient

DISTANCE YOURSELF FROM GAS STATIONS.

With the CR-V, stopping at the pumps won't be something you do as often. The powerful 2.4-litre, 16-valve i-VTEC® 4-cylinder engine is also exceptionally efficient. It also has the added benefit of the Eco Assist™ and ECON Button features. Eco Assist indicates how efficiently you're driving, while pushing the ECON button makes the engine and other non-essential functions go from efficient to ultra-efficient. Now you literally can go the extra distance. And you'll be eager to take those longer journeys with the CR-V's smooth handling and solid ride. Enjoy the car-like handling and maneuverability with the MacPherson strut front and multi-link rear suspensions, while taking advantage of the advanced electronics of the Drive-By-Wire Throttle System™ for heightened response between pedal and engine. Wherever you're going and whatever you're doing, the CR-V does more with less.

THERE'S SAFETY IN A NUMBER OF FEATURES.

The versatility of the CR-V can be found from bumper to bumper, which is especially true when it comes to safety. It's a Honda, after all. The ability to go anywhere and do anything is nothing without the confidence that comes from our renowned safety standards. Take Real Time AWD™ with Intelligent Control System™,™ for instance. It's a completely automatic feature that helps increase handling and control, whether you're on dry road, in the rain, dashing through snow or driving off-road on loose gravel. The system also supports high fuel efficiency and better all-around drivability. Then there's the added confidence of Hill Start Assist, which is designed to automatically keep your CR-V from rolling backwards when you're switching from brakes to gas on steeper hills. These innovative features are backed by the rest of the advanced standard safety equipment for which every Honda is known.

ACE™

The Advanced Compatibility Engineering™ (ACE) body structure is engineered to help disperse frontal impact energy to increase occupant protection. The frame design also allows for collision compatibility between vehicles of different weights and sizes.

SIX STANDARD AIRBAGS

The cabin of the CR-V is lined with six standard airbags, including side curtain airbags with rollover sensor. The passenger-side Occupant Position Detection System (OPDS) airbag is engineered not to deploy if it detects a smaller-sized or out-of-position passenger.

LATCH

The exceptional safety features in the CR-V also apply to your most precious cargo. Lower Anchors and Tethers for Children (LATCH) give you a simple and convenient method to install compatible child safety seats. Built-in, ready-to-use anchors and tethers allow compatible child safety seats to be installed without using the vehicle's seat belt system.

PEDESTRIAN SAFETY

Innovative pedestrian safety features include energy-absorbing hood and front fenders and breakaway wiper pivots.

ANTI-LOCK BRAKING SYSTEM (ABS)

For controlled braking, the 4-wheel Anti-lock Braking System² (ABS) helps you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) optimizes braking power based on weight distribution inside the vehicle. Brake Assist further helps to improve braking performance by applying full brake pressure when a panic stop is detected.

VEHICLE STABILITY ASSIST (VSA®)

Vehicle Stability Assist² with Traction Control senses and helps to correct oversteer and understeer scenarios to enhance handling and cornering stability. It also helps to minimize wheel spin when accelerating on loose or slippery surfaces, inspiring greater driver confidence.

TIRE PRESSURE MONITORING SYSTEM (TPMS)

For enhanced safety and fuel efficiency, the Tire Pressure Monitoring System³ continually checks the air pressure in each tire. If pressure drops in any one tire, the driver receives a dashboard alert.

ACCESSORIES

PACKAGES AND KITS

CR-V BUNDLE #1

- > All-season floor mats
- > Cargo tray

CR-V BUNDLE #2

- > All-season floor mats
- > Cargo tray
- > Running boards

CR-V BUNDLE #3

- > Roof rack rails
- > Running boards
- > Hood edge deflector
- > All-season floor mats

THE POWER OF DREAMS, IN ALL THEIR FORMS.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology, the race-inspired performance of our motorcycles and automobiles, the mobility-assisting robot ASIMO, the high-flying HondaJet and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to do everything we can to help preserve our planet. This belief is why we make every effort to ensure preservation of the environment in all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 76,000 trees in Canada over the last 7 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power Of Dreams.

WE'RE HERE. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

WE'RE READY TO HELP. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

HONDA PLUS EXTENDED WARRANTY. Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that's uncertain is where it will take you.

HONDA FINANCIAL SERVICES. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

NEW HONDA VEHICLE WARRANTY. The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor's Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

GENUINE HONDA ACCESSORIES give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

GENUINE HONDA REPLACEMENT PARTS are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

HONDA

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. ¹Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures. ²Does not replace the driver's responsibility to exercise due care while driving. ³For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. ⁴Carrying too much cargo or improperly storing it can affect the handling, stability and operation of this vehicle. Before carrying any cargo, be sure to consult the owner's manual for load limits and loading guidelines. ⁵Only compatible with certain devices. ⁶Map Database of the Honda Satellite-Linked Navigation System covers major metropolitan areas in southern Canada and the 48 contiguous U.S. states. For a list of current detailed coverage areas, refer to the Honda web site, www.honda.ca. ⁷Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.siriusxm.ca. ⁸Based on Fuel Consumption Guide ratings from Natural Resources Canada. Transport Canada approved test methods used. Your actual fuel consumption will vary based on driving habits and other factors - use for comparison only. ⁹With the required accessory towing package. See your owner's manual for proper towing operation. ¹⁰Text message function is only compatible with certain devices. Only use this function when conditions allow you to do so safely.

Some of the technologies described in this brochure come with limitations. See owner's manual for complete details. Specifications, features, illustrations and equipment shown in this catalogue are based on the latest available information at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Honda Canada Inc. reserves the right to make changes at any time, without notice or obligation, in colours, specifications, accessories, materials and models.
