

2014 ODYSSEY

DESIGNED TO LOOK ANYTHING BUT ROUTINE.

The Odyssey is all about making a great impression, whether you're headed for a night out on the town or picking the kids up at soccer practice. The refreshed front end sports a bolder twin bar grille, deeply sculpted aluminum hood and available integrated chrome-trimmed fog lights. The sleek side panels flow between the available newly designed 18-inch aluminum alloy wheels while the dynamic LED taillight bars round out the vehicle's premium aesthetics. There's plenty of substance to back up all the style, as the flowing exterior houses an available power tailgate and available power sliding doors that come in handy when you've got your hands full. Wherever you take your Odyssey, you'll find its design has as much function as it does form.

THE FIRST VACUUM WITH A MINIVAN ATTACHMENT.

Taking the family on a road trip can be a lot of fun and more than a little messy. That's why the 2014 Odyssey Touring trim is equipped with HondaVAC™, the world's first in-car vacuum system. It features a replaceable filter, canister bag, nozzle accessories and a hose that reaches easily to the front seats—all of which can be conveniently hidden away in a storage compartment in the rear cargo area. Whether you're at home in your driveway or parked by a campsite on a family getaway, HondaVAC makes quick work of big cleanups.

BEING ON THE ROAD DOESN'T MEAN YOU HAVE TO GO OFFLINE.

Front to back, the Odyssey is loaded with stunning technology. The newly available HondaLink™^{1,2,4} featuring Aha™^{3,4} by HARMAN connects you to news and information, social media updates and a robust selection of cloud-based media. The available Honda Satellite-Linked Navigation System™⁹ also keeps you updated with local traffic info with its FM Traffic feature, helping you avoid traffic delays. Meanwhile, you can keep passengers amused with the available Honda DVD Ultrawide Rear Entertainment System and its 16.2-inch screen with split-view capability. With all of this technology, the Odyssey is basically the family rec room of your dreams on wheels.

KEY TECH FEATURES

HondaLink™

The available HondaLink^{1,2,4} lets you put your phone away, yet remain in touch with the outside world. It connects you to cloud-based media, such as news, music and podcasts, all controlled through voice recognition, your audio touch screen or conveniently placed steering wheel-mounted audio controls.

PROXIMITY KEY AND PUSHBUTTON START

The Odyssey comes with convenient features like the available proximity key entry system, allowing you to unlock your doors simply by touching the door handle. The available pushbutton start makes starting the ignition as simple as pressing a button.

NAVIGATION SYSTEM

The available Honda Satellite-Linked Navigation System™⁹ with trilingual Voice Recognition, 3D map display and FM Traffic is like having someone onboard who can always show you the way.

650-WATT, 12-SPEAKER AUDIO SYSTEM

The available Premium audio system has AM/FM/SiriusXM™¹⁰/CD capability, MP3/Windows Media® Audio playback, 650 watts, 15 GB of hard disk drive (HDD) audio storage and 12 speakers including a subwoofer for 5.1 Surround Sound. Plus, the MP3/auxiliary input jack and USB device connector lets you plug in your compatible MP3 player.

E-MAIL, TEXT AND BLUETOOTH®

The available E-mail and text message function⁵ makes it easy to stay connected to home when you're out on the road, while the HandsFreeLink™-bilingual Bluetooth wireless mobile phone interface¹ lets you stay in the loop without taking your hands off the wheel.

REAR ENTERTAINMENT SYSTEM

The available Honda DVD Ultrawide Rear Entertainment System keeps your passengers amused with a 16.2-inch display, split-screen capability, integrated remote control, 115-volt power outlet, RCA video input, two headphones jacks and two wireless headsets. Get used to hearing "are we there yet?" a lot less.

LaneWatch™ BLIND SPOT DISPLAY⁶

This available feature uses a camera on the passenger's side mirror designed to greatly reduce your blind spot on that side. Signal right and live video displays on your dashboard screen, revealing nearly four times more area than the mirror alone.

FORWARD COLLISION WARNING (FCW) SYSTEM⁷

The available Forward Collision Warning system uses an onboard camera designed to detect the presence of vehicles in front of you and issues alerts if you're approaching with too much speed.

LANE DEPARTURE WARNING (LDW) SYSTEM⁸

Using a camera behind the rearview mirror, the available Lane Departure Warning system is designed to monitor vehicle lane position and alert you when you drift into a new lane without signaling.

THE ODYSSEY DOESN'T JUST HAVE ONE POINT OF VIEW, IT HAS FIVE.

You always want to keep your eyes on the road. The Odyssey is equipped with advanced driver-assisting technology to help you do just that. New available features like LaneWatch™ blind spot display⁶, Forward Collision Warning (FCW) system⁷ and Lane Departure Warning (LDW) system⁸ help you avoid other vehicles on the road by letting you know where they are. On the Touring trim, there's the Blind Spot Information system¹¹ (BSI), which uses indicator lights to notify you of vehicles entering either blind spot. You can also get a better look at what's behind you with the standard expanded view driver's mirror, standard rearview camera¹² or the available multi-angle rearview camera¹².

MORE OF EVERYTHING. EXCEPT FUEL.

Functionality makes its way into every inch of the Odyssey, including the engine bay. A 3.5-litre, i-VTEC® V6 delivers 248 horsepower¹³ and 250 lb.-ft. of torque¹³, for performance completely un-minivan-like. And with Honda's innovative engineering, the Odyssey delivers smooth, agile handling, complemented by the standard 6-speed automatic transmission. Variable power-assisted rack-and-pinion steering and the multi-link rear suspension complete the fun-to-drive experience, while Variable Cylinder Management® (VCM®) makes for one of the most fuel-efficient rides you'll find in a V6 minivan¹⁹. It's the kind of performance you get from a minivan when the engineers don't think it has to drive like one.

THE PEOPLE-PET-PARCEL-PLYWOOD MOVER.

The Odyssey's versatile interior is perfect for your unpredictable lifestyle. The wide-mode adjustable 2nd-row seats have two distinct seating configurations, giving adult passengers more space or making room for up to three full-sized child seats on SE trims and above. Plus, you can move your child in the available centre seat almost six inches closer to the driver's seat, well within mouth-wiping distance. In the back, simply pull on the seatback strap of the One-Motion 60/40 Split 3rd row Magic Seat® and it effortlessly folds away to create a cavernous amount of cargo room in seconds.

The versatility doesn't stop there. Up front, you'll find an available removable centre console and a handy flip-up trash bag ring. There are plenty of luxuries to enjoy in the front seating area, with cushy seats that have plenty of shoulder room and the standard 8-way power-adjustable driver's seat. To complete the premium level of comfort, available heated front seats keep you warm and cozy on cold mornings. For a better look at what your passengers are up to, the available conversation mirror gives you a view of what's happening all the way to the back row. And if anyone gets hungry while you're out on the road, the available cool box keeps drinks and snacks at the proper temperature, ready to be enjoyed.

Slide the centre seat forward to keep your child within arm's reach.

Make space for passengers, or more room for up to three child seats in the second row in "wide mode."

EASIER TO ORGANIZE THAN YOUR SCHEDULE.

Build a tree house. Or two. Or three. Hauling lumber is a breeze.

WHERE THERE'S A WILL, THE ODYSSEY HAS A WAY. CONFIGURE THE INTERIOR TO TRANSPORT UP TO EIGHT ADULTS (ON SE TRIMS AND ABOVE), 4'x8' SHEETS OF PLYWOOD AND EVERYTHING IN BETWEEN.

The versatile interior lets you move a ton of stuff. And bring two friends to help.

Even with three passengers, there's still plenty of room for a surfboard or ladder.

Who's got room for eight? You do.

Party of four? Stow the third row for more cargo space.

Seven passengers, one stylish ride.

With six people, you can fold the armrest down for extra comfort in the third row (Touring model only).

Five passengers and lots of cargo space left to fill.

SOLID ON SAFETY.

Honda is committed to providing one of the highest levels of standard safety features to help ensure occupant safety and protection. That's why the 2013 Odyssey was the only minivan to receive an overall 5-Star Safety Rating from the National Highway Traffic Safety Administration¹⁵. And Honda continues to focus on developing solutions to enhance the safety of occupants in other vehicles and even pedestrians—an innovative idea that is quickly becoming a reality.

ACE™ II BODY STRUCTURE

The highly innovative, next generation Advanced Compatibility Engineering™ (ACE) II body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in severe collisions to help prevent intrusion into the passenger cabin.

SOLID FRAME STRUCTURE

Like all Honda trucks, the Odyssey is built with a solid unit-body frame for added strength, stability and vehicle handling.

LATCH

Standard Lower Anchors and Tethers for Children (LATCH) offer up to three secure child-seat restraint positions in the second row (on SE trims and up) and two positions in the third row, more than any other minivan.

ACTIVE FRONT SEAT HEAD RESTRAINTS

Active front seat head restraints help minimize the potential for neck injuries during rear-end collisions by reducing the space between the occupant's head and the seat head restraint.

PEDESTRIAN SAFETY

Innovative pedestrian safety features include energy-absorbing hood and front fenders and breakaway wiper pivots.

SIX STANDARD AIRBAGS

Six airbags line the vehicle's cabin, including dual-stage, multiple-threshold front airbags and three-row side curtain airbags with rollover sensor. There are also Smartvent™ side airbags, designed to deploy safely in a manner that helps mitigate the risk of injury to smaller occupants.

ANTI-LOCK BRAKES

For controlled braking, the 4-wheel Anti-lock Braking System¹² (ABS) helps you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) optimizes braking power based on weight distribution inside the vehicle. Brake Assist further helps to improve braking performance by applying full brake pressure when a panic stop is detected.

VEHICLE STABILITY ASSIST¹² (VSA®)

Vehicle Stability Assist with Traction Control senses and helps to correct oversteer and understeer scenarios to enhance handling and cornering stability. It also helps to minimize wheel spin when accelerating on loose or slippery surfaces, inspiring greater driver confidence.

TIRE PRESSURE MONITORING SYSTEM¹⁶ (TPMS)

For enhanced safety and fuel efficiency, the Tire Pressure Monitoring System continually checks the air pressure in each tire. If pressure drops in any one tire, the driver receives a dashboard alert.

ACCESSORIES

PACKAGES AND KITS

PROTECTION PACKAGE – FOLDING

- > All-season floor mats
- > Folding cargo tray
- > Rear splash guards

PROTECTION PACKAGE – DEEP

- > All-season floor mats
- > Cargo tray – deep
- > Rear splash guards

TOWING PACKAGE

- > Trailer hitch
- > Trailer hitch harness
- > ATF cooler

THE POWER OF DREAMS, IN ALL THEIR FORMS.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology, the race-inspired performance of our motorcycles and automobiles, the mobility-assisting robot ASIMO, the high-flying HondaJet and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to do everything we can to help preserve our planet. This belief is why we make every effort to ensure preservation of the environment in all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 76,000 trees in Canada over the last 7 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power Of Dreams.

WE'RE HERE. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

STANDARD WARRANTY. All of our vehicles come with the Honda 5-year/100,000-km warranty. You and your new Honda are also protected by an additional series of warranties for such items as emission controls, body corrosion and more.

HONDA FINANCIAL SERVICES. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

WE'RE READY TO HELP. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus

Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

QUALITY HONDA ACCESSORIES give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

GENUINE HONDA REPLACEMENT PARTS are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. ¹Only compatible with certain devices. ²Standard data rates may apply. ³Compatible smartphone required. All Aha platform feeds are audible, not visual in nature. Vehicle does not provide any feeds. ⁴Launch smartphone applications only when the vehicle is safely parked. ⁵Text message and e-mail functions are only compatible with certain devices. Only use these functions when conditions allow you to do so safely. ⁶Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. ⁷Forward Collision Warning (FCW) cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁸Lane Departure Warning (LDW) only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁹Map Database of the Honda Satellite-Linked Navigation System covers major metropolitan areas in southern Canada and the 48 contiguous U.S. states. For a list of current detailed coverage areas, refer to the Honda web site, www.honda.ca. ¹⁰Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.siriusxm.ca. ¹¹The system is not a substitute for your own visual assessment before changing lanes; system accuracy will vary based on weather, size of object and speed. ¹²Does not replace the driver's responsibility to exercise due care while driving. ¹³Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures. ¹⁴Based on Fuel Consumption Guide ratings from Natural Resources Canada. Transport Canada approved test methods used. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. ¹⁵Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). Models tested with standard side-impact airbags (SABs). ¹⁶For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. ¹⁷With the required accessory towing package. See your owner's manual for proper towing operation. ¹⁸HomeLink[®] can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.). Additional control devices not provided by Honda may be required. ¹⁹Based on current ratings as of July 1, 2013.

Some of the technologies described in this brochure come with limitations. See owner's manual for complete details.
