

2009 CRF80F

As the smallest member of the CRF family to come with a five-speed transmission and manual clutch, the Honda CRF80F is fully equipped to teach learning riders the skills they'll need as they grow. With most of the same great features as the CRF100F, but with slightly smaller wheels and a lower seat height, the CRF80F is the perfect fit for riders who have grown out of the minibike stage. Its responsive 80 cc four-stroke engine delivers power smoothly, and the easy-pulling clutch lever will have your young rider shifting through the five-speed gearbox in no time at all.

Key Features

- **Smaller in stature, but with the same chassis and suspension design and sporty bodywork as the bigger CRFs**
- **Smooth, tractable power from the 80 cc four-stroke engine gives beginning riders confidence**
- **Five-speed transmission and easy-pulling manual clutch help teach the fundamentals of shifting**
- **Powerful drum brakes stop hard, wet or dry**
- **Keyed ignition switch provides added security**

Engine type	Air-cooled single-cylinder four-stroke
Displacement	80 cc
Bore & stroke	47.5 mm x 45 mm
Compression ratio	9.7:1
Valve train	SOHC, 2-valve
Fuel delivery	Single 18 mm piston-valve carb
Transmission	Five-speed with manual clutch
Final drive	#420 chain; 14T/46T
Front suspension	27 mm leading-axle Showa fork; 123 mm (5 in.) travel
Rear suspension	Pro-Link Showa single shock; 110 mm (4.3 in.) travel
Tires	2.50 - 16 front; 3.60 - 14 rear
Brakes	Front drum; rear drum
Ground clearance	218 mm (8.6 in.)
Seat height	734 mm (28.9 in.)
Wheelbase	1,209 mm (47.6 in.)
Curb weight	75 kg (165 lb) including required fluids and full tank of gas - ready to ride
Fuel capacity	5 litres, including 0.7-litre reserve
Colour	Extreme Red
