

HondaLink

## QUICK START GUIDE

# HondaLink

Connect your smartphone to HondaLink featuring Aha by Harman so you can enjoy in-vehicle internet radio, podcasts, audiobooks, location-based services powered by Yelp and social media like Facebook and Twitter.

## Before You Begin.

### A. Download the App

Get the HondaLink App from your smartphone app store:

Tap on your smartphone's **app store** icon and type **HondaLink** in the **search bar**.

### B. Register with HondaLink and Aha

Launch the App on your smartphone. Tap **Register** and follow the sign-up prompts:

- Register for **HondaLink**
- Register for **Aha** or connect to an existing Aha account.
- A **Welcome E-mail** will be sent to you with confirmation verification.

## HondaLink Touchpoints

An overview of all the components in the HondaLink system.

- i-MID Display** ▶ Detailed information and options on a selected Aha station.
- HondaLink with Audio Touchscreen** ▶ Navigate your customized Aha stations. Press the screen icons.
- i-MID Selector Knob** ▶ Navigate the i-MID display options.
- Settings** ▶ Pair a phone and connect to HondaLink via Bluetooth through vehicle settings.
- USB Port** ▶ Connect your iPhone to HondaLink via USB tethering.
- Smartphone** ▶ Connect your compatible phone to HondaLink to play Aha internet radio.
- HondaLink App** ▶ Customize your Aha stations with the free HondaLink app.

# 1. Customize

Add and delete stations in the HondaLink app by following the steps of this example.

## Step 1. Find a Station

- A.** Launch and login to the **HondaLink app** on your smartphone
- B.** Tap to search or browse stations.
- C.** Tap to find NPR: Hourly Newscast, the example station that you will add.

## Step 2. Add a Station to your Station List

- A.** Tap from the stations listed.
- B.** Tap The station will now appear in your presets.

## Step 3. Create Starred Stations

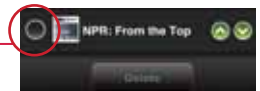

- A.** Tap the **back** **arrow** until you reach the main page, where your presets will now be placed. NPR: Hourly Newscast will now be located here.
- B.** Tap the **star** **adjacent** to the station to make it a starred station for in-vehicle streaming.

**Note:** You must create a Starred Stations list in order to access your stations on the Audio Touchscreen. You can choose up to 16 Starred Stations.

## Step 4. Delete Stations from your Lists

- A.** Tap the **edit button** at any time to remove or re-order stations.
- B.** Tap on the **empty circle** to remove a station and Delete.

## Adding Facebook, Twitter or Slacker

- A.** Tap **Settings** in the upper right corner of the App.
- B.** Tap **Associated Accounts**.
- C.** Choose Facebook, Twitter or Slacker Radio and Login to your account.
- D.** Add them to your Stations list and/or Starred Stations following directions above.

## 2. Connect

To stream your stations in the vehicle, connect your smartphone to HondaLink by following these steps.

### Step 1. Smartphone Connection Set-Up

- Choose a connection method:
  - Android** - Bluetooth only.
  - iPhone** - USB or Bluetooth.
- Press  on the centrestack.
- Select **Audio Settings**  on the i-MID Display.
- Select Priority Connection. Set it to Bluetooth or USB, depending on which connection method you will be using. 

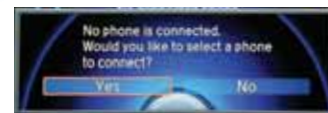

### Step 2. Connect via USB (iPhone only)

- Log in to the HondaLink app.
- Plug in USB cable to the iPhone. Connect to the USB port outlet in the vehicle as shown in the picture.

### Connect via Bluetooth

- Pair your phone. See the **2013 Honda Accord—Technology Reference Guide** for instructions.
- Log in to the HondaLink app.
- Press the  icon on the Audio Touchscreen.
- Follow the prompts to select your device.

## 4. Play

Play your favorite stations in the vehicle by following these steps.

### Step 1. Set-Up

- Turn the car on to Accessory mode or start the ignition.
- Log in to **the HondaLink app** on your Bluetooth or USB connected smartphone.

Login to HondaLink

### Step 2. Select a Station

- Press  **Aha** on the Audio Touchscreen from the menu. HondaLink automatically connects.
- Select and press the **NPR: Hourly Newscast** station icon on the Audio Touch Screen.

### Step 3. Play Station

- Press the **Play**  button.
- To adjust your screen and sound settings press .
- Press  to return to your list of stations OR Press  to return to the main menu.
- Use the **selector knob** to view more information and options on the i-MID Display

### Step 4. Disconnect

- Disconnect the USB cable if using USB.
- Tap the back  arrow until you reach the main page.
- Tap the arrow  to logout of HondaLink.

Logout of HondaLink
