Welcome to Civic Nation. Population: 2,000,000.

Two million Civics sold and they just keep getting better. Since 1998, the Civic has been Canada's best-selling car and it's no wonder. The stunning exterior and impressive performance of the 2018 Civic solidify its exciting evolution. Its progressive look is perfectly complemented by a sophisticated interior designed with both comfort and safety in mind. Here's to the next two million.

SPORTY DESIGN

With its aggressive stance, sleek lines and long wheelbase, the 2018 Civic boasts a distinctly sporty design.

Make headway. Your way.

Turns out, looks can get you everywhere. With an aggressive stance and sporty, sleek lines, the Civic Sedan looks great from every angle. Up front, LED daytime running lights and available LED headlights give it a distinctive presence that lets everyone know you're coming. When you're in it, you'll sit pretty on its available fashionable 17" aluminum-alloy wheels. If you want a fresh view, lower the windows, tap a button and open up the available power moonroof with tilt feature. Plus, available fog lights up front and available mirror-integrated LED turn signal indicators help you stand out on the road. So be proud. Confidence looks good on you.

Key Features

Standard LED daytime running lights and available LED headlights

Available 17" aluminum-alloy wheels

Available deck lid spoiler

Hit the road.
Harder.

 AVAILABLE LEATHER-TRIMMED SEATING SURFACES

The Coupe boasts impressive exterior styling that is bound to make you do a double take. With a low-slung, aggressive stance and sleek, clean lines, the Coupe stands out from the crowd wherever it goes. Below its tough-looking shell sit standard 16" aluminum-alloy wheels. And to satisfy your edgier side, 17" aluminum-alloy wheels are available as well. Around the back, you'll catch yourself admiring the view thanks to the signature LED taillights and taillight-integrated rear spoiler. If you think the Civic Coupe looks like fun, just wait until you get behind the wheel.

Key Features

- Standard LED daytime running lights and available LED headlights
- Available 17" aluminum-alloy wheels
- Available fog lights and mirror-integrated LED turn signal indicators
- Available one-touch power moonroof with tilt feature

Embrace every detail.

Hatch into more.

With a sporty design and innovative silhouette, the Civic Hatchback is guaranteed to get attention on the road and in your driveway. Its aggressive stance is boldly complemented by a distinctive body-coloured rear roofline spoiler and an available dual centre exhaust with chrome finisher. The available 18" aluminum-alloy wheels and the available stylish skirt package will catch eyes and turn heads. Plus, with the available LED headlights and a standard multi-angle rearview camera,¹ you can keep a close watch on your surroundings. Step into the Civic Hatchback and you'll surely stand out.

Key Features

- Body-coloured rear roofline spoiler
- Available 18" aluminum-alloy wheels with dark finish
- Available dual centre exhaust with chrome finisher
- Available LED headlights

CARGO CONVENIENCE

The 2018 Civic Hatchback not only boasts seating for five and abundant cargo space, but the configurable 60/40 split fold-down rear seatback gives you the room and freedom to pack – and do – virtually anything.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

It's time to get in gear.

Whether it's a long drive, a short haul, an open road or rush hour traffic, you'll look forward to powering through it all with the Civic. The 1.5-litre turbocharged direct-injected 4-cylinder engine is available on every Civic model. The 2.0-litre, 16-valve, DOHC, i-VTEC® engine is standard on the Sedan and Coupe. If you're the type who loves control, you'll love the standard 6-speed manual transmission (MT) on the Sedan (DX and LX), Hatchback and Coupe (LX and EX-T). If you just want to pop it in drive and go, the available continuously variable transmission (CVT) is everything you need. But if you're feeling eager, the available steering wheel-mounted paddle shifters make driving the Hatchback a truly hands-on experience. Plus, thanks to Eco Assist™ with ECON mode, the Civic is designed to help keep you on the road longer, and away from gas stations.

TURBO ENGINE

Make every drive a joyride with the turbocharged engine option, available on all 2018 Civic models.

Sport meets speed.

 SPORT Si FRONT SEATS WITH RED STITCHING

The Civic Si sports sharp looks to match its fierce personality. A bold, gloss black front grille, rear wing spoiler, 18" aluminum-alloy wheels and centre exhaust finisher put raceway style onto your driveway. Light up the road with attractive LED daytime running lights, LED headlights with auto-on/off and LED taillights. Or let in some extra light with the one-touch power moonroof with tilt function.

Key Features

- 18" aluminum-alloy wheels
- 6-speed manual transmission (MT)
- Apple CarPlay™^{1,2}/Android Auto™^{1,2}
- Heated front seats
- Honda LaneWatch™ blind spot display¹
- One-touch power moonroof with tilt feature
- Rear wing spoiler and centre exhaust finisher
- Sport mode button

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.
2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

 6-SPEED MANUAL TRANSMISSION (MT) WITH REV-MATCH CONTROL

Buckle up. Pedal down.

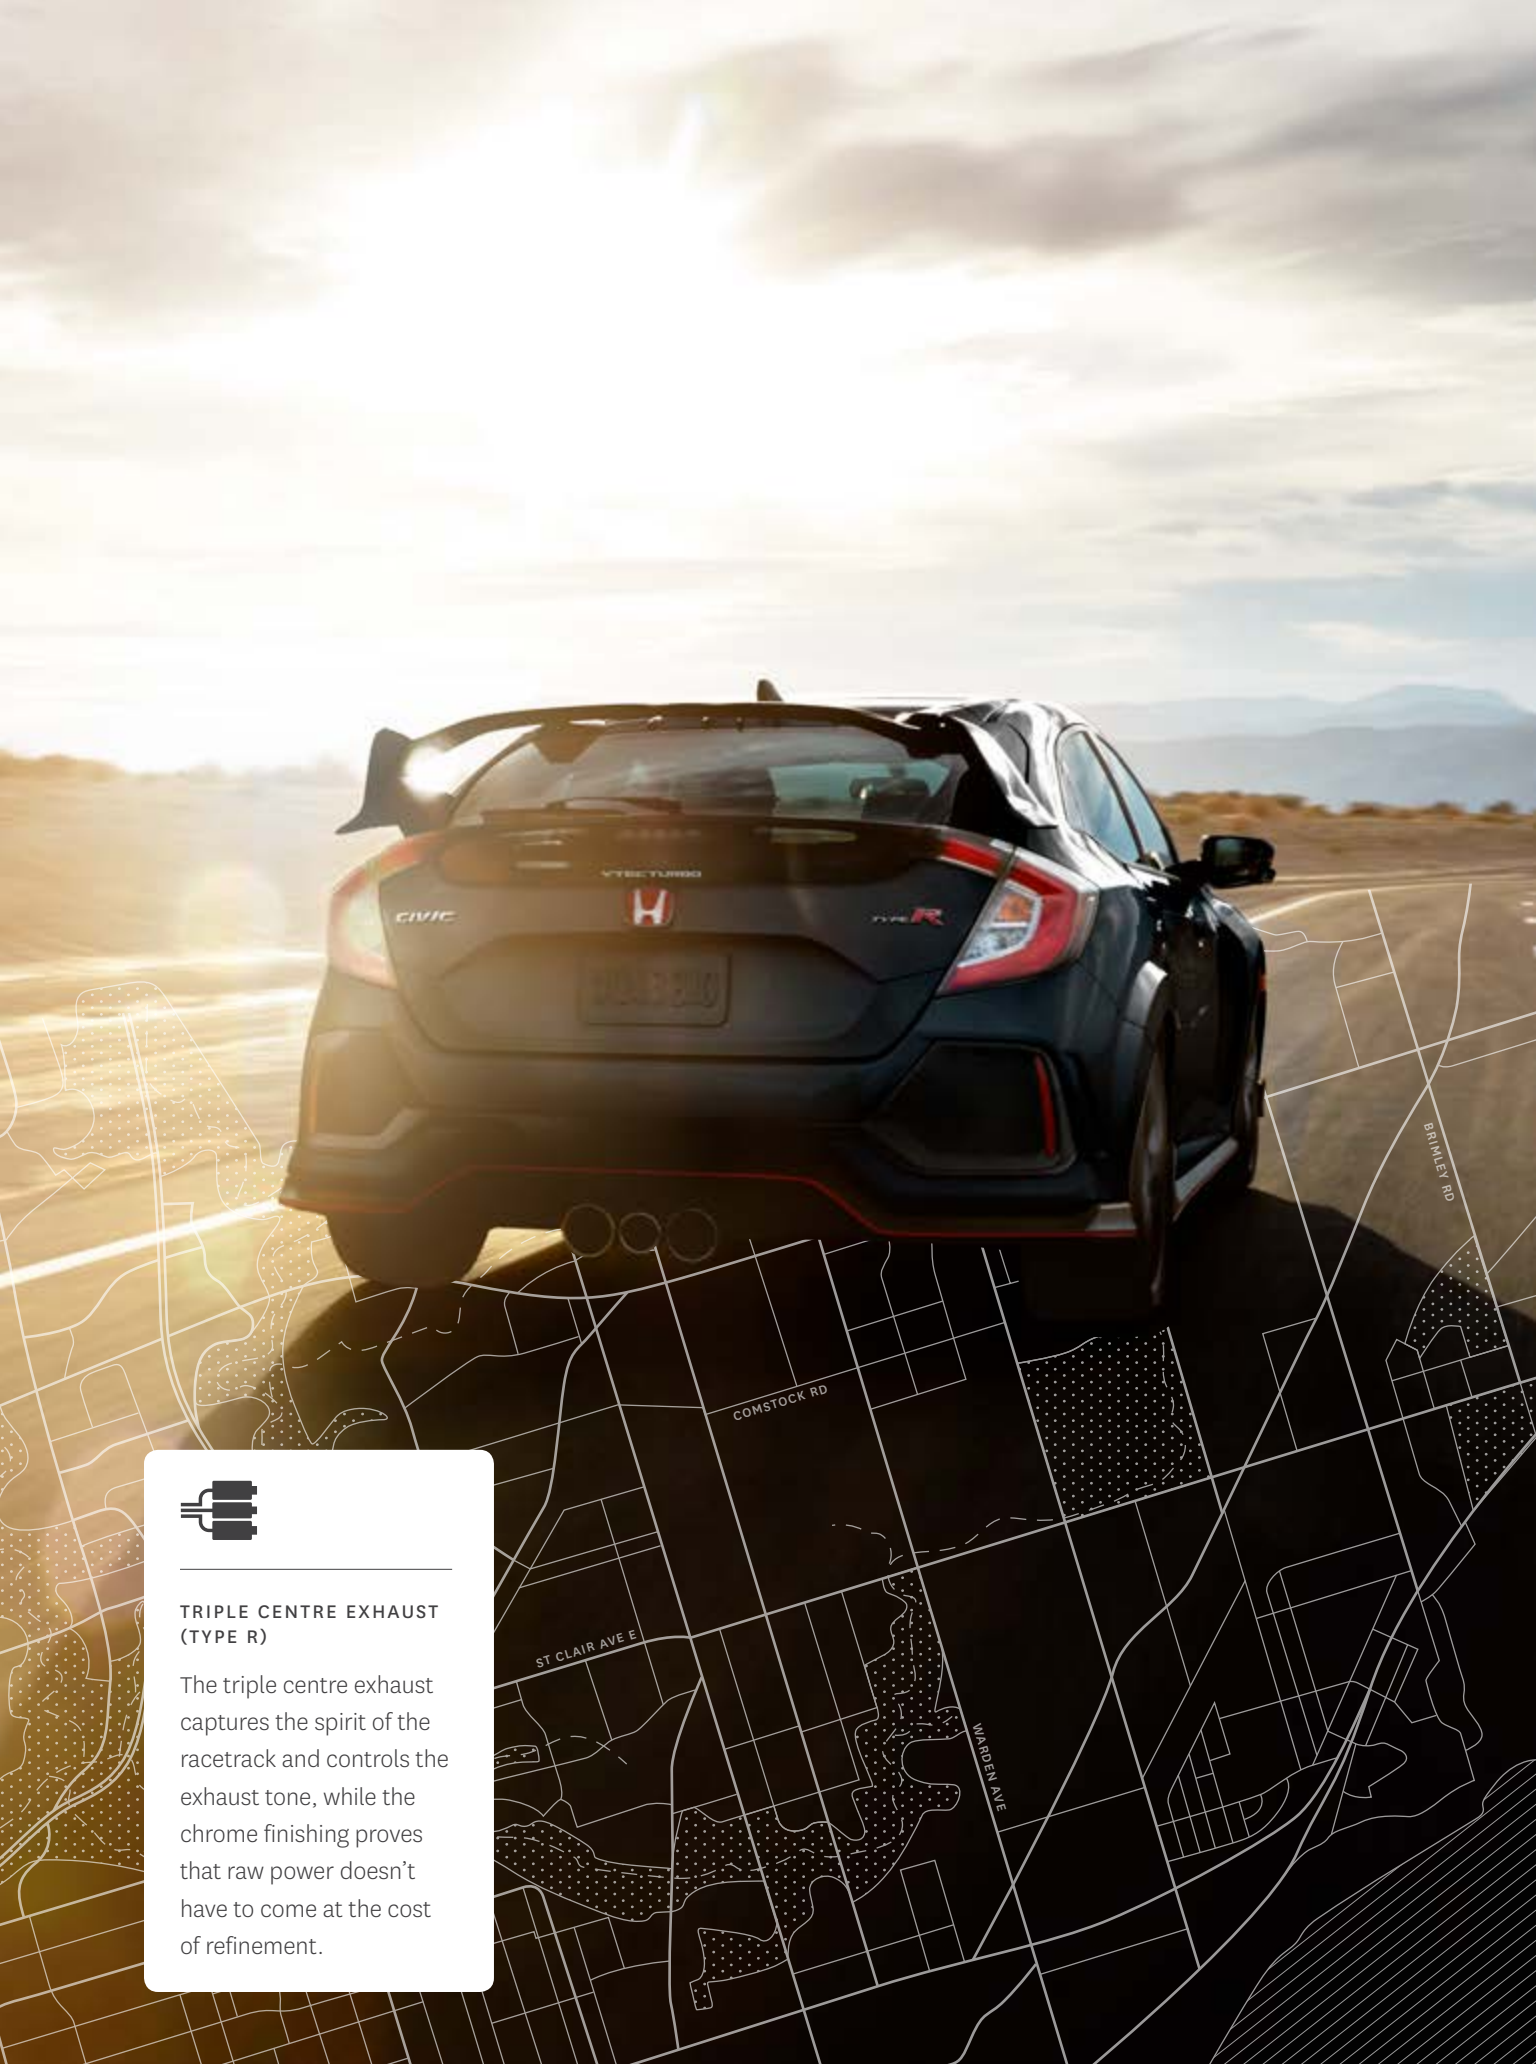

For Honda, racing has always been the pinnacle of automotive art. Hence the Civic Type R: an eye-catching car for the road that just happens to hold the record lap time for a front-wheel drive car on the world-famous Nürburgring*. From the striking red suede-effect fabric front sport seats, to the bold rear wing spoiler, to the red-accented piano black 20" aluminum-alloy wheels, there's no hiding the racing pedigree of the Type R.

Key Features

- 20" aluminum-alloy wheels in piano black with red accents
- Aluminum hood with air intake
- Aluminum-trimmed sport pedals
- Rear wing spoiler
- Red-suede fabric front sport seat
- Skirt package
- Type R badging and unique serial number plate

*Based on information available to Honda Canada Inc. as of October 23, 2017.

Clutch performance.

The Civic Si commands respect and delivers outstanding performance on any street. With a 205-horsepower,¹ 1.5-litre, 16-valve, Direct Injection, DOHC, turbocharged 4-cylinder engine with 192 lb-ft of torque,¹ just strap in and let your right foot do all the talking.

Then there's the Civic Type R: the definition of uncompromising performance. Powered by a direct-injected 2.0-litre VTEC[®] turbocharged 4-cylinder engine with 306-horsepower and 295 lb-ft of torque,¹ the only thing that matches its powerful looks is what's under the hood.

- TYPE R Key Features
- 2.0-litre, 16-valve VTEC[®] turbocharged 4-cylinder engine, 306 horsepower,¹ 295 lb-ft of torque¹
 - 6-speed manual transmission with rev-match control
 - 3-mode drive system
 - Brembo[®] 4-piston aluminum front brake calipers
 - Triple centre exhaust

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

TRIPLE CENTRE EXHAUST (TYPE R)

The triple centre exhaust captures the spirit of the racetrack and controls the exhaust tone, while the chrome finishing proves that raw power doesn't have to come at the cost of refinement.

Find your apex.

Beauty is nothing without brains.

The available state-of-the-art 7" Display Audio System¹ is technology worthy of applause. Intuitive and easy to use, the 7" touch-screen works just like a tablet. Just swipe, pinch and tap to navigate through the audio system, display settings and advanced features. Pair the Display Audio System with the available Apple CarPlay^{TM1,2} or Android Auto^{TM1,2} to seamlessly connect your compatible smartphone and access some of your apps to make staying in touch with family and friends more convenient and your drive more entertaining. The Civic also keeps your phone juiced, letting you drop any compatible smartphone into the available wireless charging pad.

With the 2018 Civic, hindsight is right in front of you. When you're in reverse, the multi-angle rearview camera¹ shows what's going on behind you. It's engineered to give you a clear line of sight from three different angles: wide, normal and top-down.

Keep more of your right side in sight with the available Honda LaneWatchTM blind spot display,¹ which sends a live video feed to the 7" Display Audio System screen, revealing nearly four times more visibility than the side mirror alone. When you're on the road, the available Honda Satellite-Linked Navigation System^{TM1,3} with bilingual Voice Recognition helps plan your route with ease. It's like asking someone for directions who actually knows where they're going.

AVAILABLE 7" DISPLAY AUDIO SYSTEM¹

Key Features

- Available Honda LaneWatchTM blind spot display¹
- Available Apple CarPlay^{TM1,2}/Android Auto^{TM1,2}
- Available 7" Display Audio System¹

See more than
the road ahead.

BRAKE

FORWARD COLLISION WARNING (FCW) SYSTEM

The available FCW system¹ that is integrated with CMBS[®] is designed to detect the presence of vehicles in front of you and issue alerts if you're approaching with too much speed. If you fail to respond to the alerts, the CMBS[®] is triggered into operation.

COLLISION MITIGATION BRAKING SYSTEM™ (CMBS[®])

The Honda Sensing™ technologies are designed to help make your drive safer. With intuitive technology and design, we've created a way forward that we can all feel good about. Whether you're driving or sitting in the passenger seat, feel confident in the latest in safety innovation from Honda.

To help reduce the likelihood or severity of a frontal impact, the available CMBS[®] is engineered to apply the brakes pressure if you don't slow down when it senses you're at risk of a collision. If it still senses an imminent collision, CMBS[®] is designed to brake firmly.

LANE DEPARTURE WARNING (LDW) SYSTEM

The available LDW system¹ is designed to monitor vehicle lane position and alert you if your vehicle drifts into a new lane when you haven't signaled.

LANE KEEPING ASSIST SYSTEM (LKAS)

The available LKAS¹ is engineered to gently correct your steering if you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

ROAD DEPARTURE MITIGATION (RDM) SYSTEM

The available RDM system¹ is designed to help steer and even apply the brakes to help keep the vehicle from leaving the road.

ADAPTIVE CRUISE CONTROL (ACC) WITH LOW-SPEED FOLLOW[†]

The available ACC system¹ is designed to keep a set speed and set following interval behind the vehicle detected ahead of yours, including the ability to start and stop the vehicle with the flow of traffic.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.
[†] Low-Speed Follow is not applicable on MT trims with Honda Sensing™ safety and driver assist features.

Solid on safety.

At Honda, we strive to provide a high level of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. This added peace of mind helps our drivers maintain the confidence to enjoy every road to the fullest.

Active safety

Controlled Braking

To assist with safe stopping, the 4-wheel Anti-lock Braking System¹ (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brakeforce Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist is engineered to help improve braking performance by applying brake pressure when a panic stop is detected.

Vehicle Stability Assist (VSA[®]) with Traction Control

Vehicle Stability Assist¹ with Traction Control is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

Hill Start Assist¹

If you take your foot off the brake when stopped on an incline, this feature is engineered to temporarily maintain brake pressure to help prevent your Civic from starting to roll backwards.

Passive safety

Seat belt safety

The Civic helps prepare you for the unexpected with 3-point height-adjustable (Sedan and Hatchback only) front seat belts with automatic tensioning system and 3-point rear seat belts.

Child safety

The Civic features childproof rear door locks (Sedan and Hatchback only), as well as rear seat Lower Anchors and Tethers for Children (LATCH), which give you a simple and convenient method to install compatible child safety seats without using the vehicle's seat belt system.

Pedestrian safety

Innovative pedestrian safety features include an energy-absorbing hood and front fenders and deformable wiper pivots.

Advanced Compatibility Engineering™ (ACE™) body structure

The highly innovative, next-generation Advanced Compatibility Engineering™ (ACE™) body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in a severe collision, to help prevent intrusion into the passenger cabin.

Six standard airbags

The cabin of the Civic contains six standard airbags. It features an i-SRS front airbag system as well as side curtain airbags with a rollover sensor designed to deploy them in the event of a rollover. Plus, it has SmartVent™ side airbags, which are designed to deploy safely in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

HondaLink™ Assist Automatic Emergency Response System

The available HondaLink Assist Automatic Emergency Response System^{1,2,3} helps you get the help you need when you need it most. If the airbags deploy, your Display Audio System¹ is designed to automatically attempt to put you on a call with an operator who will forward your location to first responders if needed. It works with any compatible Bluetooth®-paired phone as long as it has reception, does not require a subscription and gives you added peace of mind while you're on the road.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

3. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.

Blue Skies for Our Children

The Power of Dreams, in all their forms.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology; the race-inspired performance of our motorcycles and automobiles; the world's most advanced humanoid robot, ASIMO; HondaJet, the fastest, highest flying and most fuel-efficient aircraft in its class; and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to help preserve our planet. This belief is why we make significant efforts to help ensure preservation of the environment in virtually all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 140,000 trees in Canada over the last 11 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power of Dreams.

HONDA
The Power of Dreams

We’re Here. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

We’re Ready to Help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

Honda Plus Extended Warranty. Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that’s uncertain is where it will take you.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

New Honda Vehicle Warranty. The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor’s Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

Genuine Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in cargo areas. Always read the vehicle owner’s manual for detailed vehicle operation and feature information.

Honda reserves the right to terminate or change any of the services and/or features listed in this brochure at any time, for any reason. Some features require registration. Certain features may transmit to Honda and/or other service providers a vehicle’s location, operating conditions or other information that may be tied to the vehicle identification number (VIN) and can be combined to track a vehicle. 1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

3. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

4. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.

5. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

6. Coverage varies by market.

7. Only available in certain areas. Includes a no-charge trial of three months.

8. Estimated fuel consumption based on Government of Canada's 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

3. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

4. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.

5. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

6. Coverage varies by market.

7. Only available in certain areas. Includes a no-charge trial of three months.

8. Estimated fuel consumption based on Government of Canada's 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

9. Based on SAE J1100 cargo volume measurement standard, plus rear footwell space and front seats moved forward.
