# Country born. City driven.

The hard-working 2017 Ridgeline is back. We’ve upped its performance, filled it with tech features and made it way more capable. It’s ready to take on practically anything you or the road can throw at it.

### Who said real trucks can’t have curves?

Just because it has a pretty face doesn’t mean it’s a stranger to hard work. The scratch-resistant bed is engineered to keep it looking fresh while eight heavy-duty tie-down cleat help keep everything in place.

### Keep your distance outside. And inside.

If you thought the bed was roomy, wait until you’re inside. The Ridgeline sports segment leading interior space. It’s even loaded with convenient features like 60/40 lift-up rear seat, a multi-angle rearview camera<sup>2</sup> with dynamic guidelines and heated front seats.

### No job too small, medium or XL.

The Ridgeline has your back, quite literally. You’ll feel good knowing the lockable In-Bed Trunk™ helps protect anything you store in it and the bed is now longer and wider (5’4” x 5’) with 4’2” of clearances between the wheel wells.

### Pick up and go.

The Ridgeline is right by your side as you power through it all. Together, the 3.5-litre, Direct Injection i-VTEC® V6 engine with 280 hp<sup>1</sup> and 262 lb.-ft of torque<sup>1</sup>, and intelligent Variable Torque Management (i-VTM4™) AWD system offer up the performance you want and responsiveness you need.

### Grown ups still like to play with toys.

The Ridgeline is a pure joy to ride in. It’s loaded with fun, sophisticated features like 8” Display Audio System<sup>2</sup> with Apple CarPlay™<sup>2,3</sup> / Android Auto,™<sup>2,3</sup> and available truck-bed audio system. Plus, Honda Sensing™ technologies now come standard on every trim.

Please ensure that all in-bed items are properly stored, secured and carried in compliance with local laws.

#### RIDGELINE LX

##### KEY FEATURES:

- 3.5-litre, 24-valve, Direct Injection, SOHC, i-VTEC® V6 engine
- Variable Cylinder Management® (VCM®)
- Intelligent Variable Torque Management (i-VTM4™) AWD system
- Intelligent Traction Management System

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.  
2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so.  
Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.  
3. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.

HS\* = Feature is a component of the Honda Sensing™ suite of safety and driver assist features.  
1. Accessory towing package required. Packages are available at an additional cost as a dealer-installed item. See your Owner's Manual for proper towing operation.  
2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so.  
Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.  
3. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.  
4. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.  
5. For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.  
6. HomeLink® can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.).  
7. Only available in certain areas. Includes a no-charge trial of three months.  
8. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.  
9. Coverage varies by market.
