

# 2018 Clarity Plug-in Hybrid

**It's more than loving nature.  
It's about living life. Today, tomorrow  
and all the tomorrows after that.  
We're headed towards a clearer future.  
Wanna come for the ride?**

#### STYLING

Friendly on the eyes and the environment. The Clarity knows no compromise.

## Enjoy a moment of clarity.

So you're ready to play your part for the environment, but you also want to play on the road. The 2018 Clarity lets you have it all. As a Plug-in Hybrid Electric Vehicle (PHEV), the Clarity enjoys both the efficiencies of an electric motor and the agile power of a gas motor. The result? A drive that eases the mind while occasionally melting it around corners. Even comfort comes naturally with a spacious interior that keeps sustainable sourcing in mind. The Clarity Plug-in Hybrid is bound to turn heads and shift perspectives.

#### Key Features

- Honda Sensing™ Technologies
- Apple CarPlay™/Android Auto™<sup>1,2</sup>
- Up to 76 km all-electric range (AER)<sup>3</sup>
- Up to 547 km total driving range<sup>4</sup>
- HondaLink™ app<sup>1,2,5</sup> with remote commands

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

3. Estimated all-electric range (AER) based on Government of Canada's 5-cycle testing method when fully charged. Your actual range will vary based on your driving habits and conditions, charging practice, vehicle and battery pack age/conditions, and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

4. Estimated total electric/gasoline driving range based on Government of Canada's 5-cycle testing method when fully charged and with a full tank of gas. Your actual range will vary based on your driving habits and conditions, charging practice, vehicle and battery pack age/conditions, and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

5. The availability of certain GPS satellite and/or cellular networks is required for HondaLink™ to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Some restrictions may apply. For additional HondaLink™ information, please visit [www.honda.ca/hondalink](http://www.honda.ca/hondalink) and [www.honda.ca/privacy](http://www.honda.ca/privacy).

 LED TAILLIGHTS AND BRAKE LIGHTS

## Plug in. Stand out.

Designed for fuel conservation, the Clarity looks anything but conservative. In fact, a bold, inspired aerodynamic body helps improve efficiencies. Like the airflow-enhancing rear air curtain ducts – a world-first for a four-door sedan. Or the full LED headlights and LED taillights designed to bring a clear vision to the road and your followers. Even the 18" hybrid-aerodynamic aluminum-alloy wheels feature an aerodynamic design that helps optimize fuel consumption. The 2018 Clarity looks towards the future, and looks good doing it.

### Key Features

- 18" hybrid-aerodynamic aluminum-alloy wheels
- LED headlights with auto-on/off
- Smart wiper system

 FULL-SIZED TRUNK

## Hybrid and luxury, in the same sentence?

In the pursuit of change, some things are best left as you want them. Like interior comfort. Inside the Clarity, the advanced, spacious cabin comes with ample breathing room – even with five seats. And you’ll breathe easy knowing the premium interior materials are used with sustainable sourcing in mind. With the battery located under the 60/40 split fold-down seats and under the floor, the Clarity owns a best-in-class cargo-carrying capacity<sup>1</sup> of 439 litres. With that boosted space and a T-shaped centre console to boot, the Clarity has the kind of hybrid utility that’s equal parts luxurious and user-friendly.

### Key Features

- 5 passenger seating
- 60/40 split fold-down rear seatback with centre armrest
- Heated front seats
- USB audio interface<sup>2</sup>
- Available leather-trimmed seating surfaces

<sup>1</sup> Based on information available to Honda Canada Inc. as of December 12, 2017 for Intermediate segment, plug-in hybrid sedan.

<sup>2</sup> Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

## Other Accessories Available

- Ambient lighting
- Cargo hook
- Door edge film
- Rear seat cover
- Trunk shelf organizer

Accessories and packages are subject to inventory availability.

**Low-impact drive.  
High-impact fun.**

## Performance

### Plug-in hybrid powertrain.

As a plug-in hybrid electric vehicle (PHEV) with a full-parallel hybrid powertrain, the Clarity can run on a gasoline internal combustion engine, an electric motor, or both.

### Hyper-efficient. Super powerful.

Driving performance is enhanced with a hyper-efficient 1.5-liter Atkinson cycle 4-cylinder engine along with an electric motor that produces 181-horsepower and 232 lb.-ft. of torque, for a combined total of 212 horsepower<sup>1</sup>.

### Selectable driving modes.

Three driving modes – Normal, Econ, and Sport – allow you to customize your driving experience, increasing efficiency or driving performance. In addition, Hybrid (HV) mode can be selected in conjunction with each mode in order to help maintain the battery's state of charge.

### Deceleration paddle selectors.

Paddle selectors on the steering wheel let you control the rate of deceleration by simulating engine braking, helping to recharge the battery through regenerative braking.

## Efficiency

### Driving range.

The Clarity has a class-leading,<sup>5</sup> all-electric, zero-emission range (AER) of up to 76 km.<sup>2</sup> For longer trips, the 1.5-litre Atkinson cycle 4-cylinder gasoline engine is designed to work with the electric motor, enabling a combined electric/hybrid driving range of approximately 547 km.<sup>3</sup>

### Fuel consumption.

The Clarity is a hyper-efficient car rated at an impressive combined city/highway fuel consumption of 2.1 L/100 km,<sup>4</sup> easily putting it at the top of its class.<sup>5</sup> The combined city/highway fuel consumption for the 1.5-litre Atkinson cycle gasoline engine is rated at an impressive 5.6L/100 km.<sup>6</sup>

### Easily rechargeable.

When plugged into a standard household outlet with the included charging cable, the battery in the Clarity can be charged in as little as 12 hours.<sup>7</sup> The Clarity can be charged in as little as 2.5 hours when plugged into a level 2 charging station (240V).

### Eco Assist™ system.

With the Econ mode activated, the Clarity helps improve efficiency by adjusting the climate control system and accelerator pedal. Colour-coded bars on the dash provide feedback on your driving style, giving you even more control over efficiency.

### Eco Drive display.

The Eco Drive display helps you improve your driving efficiency with a simple-to-follow visual display of the Clarity's real-time performance.

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

2. Estimated all-electric range (AER) based on Government of Canada's 5-cycle testing method when fully charged. Your actual range will vary based on your driving habits and conditions, charging practice, vehicle and battery pack age/conditions, and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

3. Estimated total electric/gasoline driving range based on Government of Canada's 5-cycle testing method when fully charged and with a full tank of gas. Your actual range will vary based on your driving habits and conditions, charging practice, vehicle and battery pack age/conditions, and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

4. Estimated City/Hwy/Combined fuel consumption for blended electric and gasoline operation based on Government of Canada's 5-cycle testing method. Your actual fuel consumption will vary based on your driving habits and conditions, charging practice, vehicle and battery pack age/conditions, and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

5. Based on information available to Honda Canada Inc. as of December 12, 2017 for Intermediate segment, plug-in hybrid sedan.

6. Estimated City/Hwy/Combined fuel consumption for gasoline-only operation based on Government of Canada's 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

7. Estimated charge time is approximate and may vary with ambient temperatures and battery pack age/condition. Always charge in accordance with the Owner's Manual.

# How Plug-in Hybrid Electric Vehicle technology works.

## PHEV TECHNOLOGY

PHEV technology combines the electric motor with the gasoline engine at different points of the drive to provide optimal driving range and power.

### ELECTRIC (EV) MODE

At low speeds or when stopped, the Clarity relies only on the electric motor for power.

### HYBRID (HV) MODE

Motive power comes from the electric traction motor. The coupled gasoline engine and generator motor produce electricity, which is sent directly to the traction motor or to the battery pack, depending on the driving situation.

### ENGINE (DIRECT DRIVE) MODE

In higher-speed, low-load conditions, only the gasoline engine provides propulsion while the electric motor begins to recharge the High Voltage battery through regenerative braking.

## Ecology and technology. Together at last.

We're taking the futuristic route as we strive towards a sustainable future. Your progressive drive starts with a glance behind using the multi-angle rearview camera<sup>1</sup> with dynamic guidelines. When you're ready to hit the road, it's time to hit play. To the right of the pushbutton start, you'll find the 8" Display Audio System<sup>1</sup> with Apple CarPlay<sup>TM1,2</sup> and Android Auto<sup>TM1,2</sup> compatibility. The 180-watt audio system featuring 8 speakers and a subwoofer is primed to do your playlist justice.

Wherever you're headed, the Clarity will help you get there using the available Honda Satellite-Linked Navigation System<sup>TM1,3</sup>. As you follow nature's twists and turns, the Honda LaneWatch<sup>TM</sup> blind spot display<sup>4</sup> will help keep you on track. And the HondaLink<sup>TM</sup> app<sup>1,2,5</sup> remote climate pre-conditioning<sup>6</sup> will definitely come in handy between drives, warming or cooling the interior while already plugged in. From the inside and out, the Clarity has sense-tingling tech that's a sign of the future. And a better one at that.

### Key Features

#### 8" Display Audio System<sup>1</sup>

180-watt AM/FM audio system with 8 speakers

HandsFreeLink<sup>TM</sup>-bilingual Bluetooth<sup>®</sup> wireless mobile phone interface<sup>1,2</sup> with steering wheel-mounted controls

SMS text message<sup>1,2</sup>/E-mail function<sup>1,2</sup>

Available SiriusXM<sup>TM4</sup>

APPLE CARPLAY<sup>TM1,2</sup>/ANDROID AUTO<sup>TM1,2</sup>

HONDA LANEWATCH<sup>TM</sup> BLIND SPOT DISPLAY<sup>4</sup>

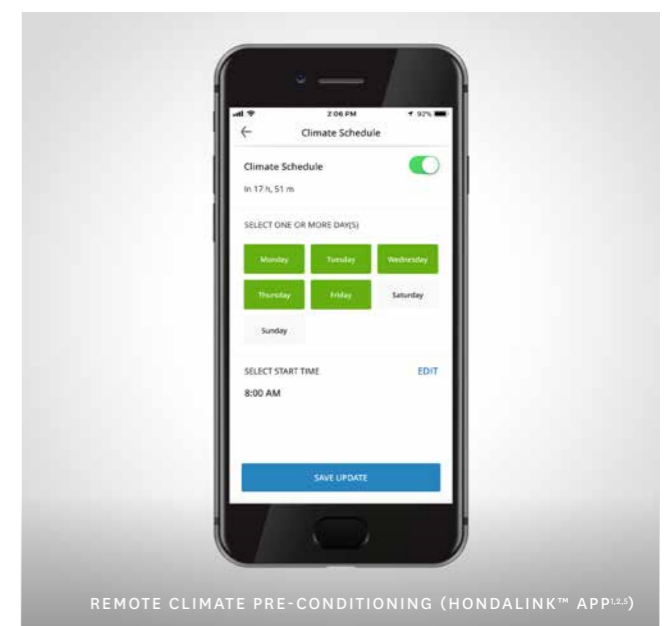

MULTI-ANGLE REARVIEW CAMERA<sup>1</sup> WITH DYNAMIC GUIDELINES

AVAILABLE HONDA SATELLITE-LINKED NAVIGATION SYSTEM<sup>TM1,3</sup> WITH BILINGUAL VOICE RECOGNITION

VEHICLE ENERGY SCREEN

REMOTE CLIMATE PRE-CONDITIONING (HONDALINK<sup>TM</sup> APP<sup>1,2,5</sup>)

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.  
 2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.  
 3. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.  
 4. Only available in certain areas. Includes a no-charge trial of three months.  
 5. The availability of certain GPS satellite and/or cellular networks is required for HondaLink<sup>TM</sup> to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Some restrictions may apply. For additional HondaLink<sup>TM</sup> information, please visit [www.honda.ca/hondalink](http://www.honda.ca/hondalink) and [www.honda.ca/privacy](http://www.honda.ca/privacy).  
 6. Preconditioning will not operate if the battery level is low. Honda recommends using a Level 2 (240V) charger if preconditioning while the vehicle is plugged in.

# Stay in touch with nature. And your car.

With a free subscription to HondaLink™<sup>1,2</sup> you'll stay connected to your Clarity – any time and any place.

## CHARGE SCHEDULE

Set a recurring time each day to start charging your vehicle. You can also remotely stop and start charge at any time.

## DASHBOARD

Check the battery level, driving range and fuel level right from your app.

## REMOTE CLIMATE PRE-CONDITIONING<sup>3</sup>

Get comfortable by cooling down or warming up your vehicle ahead of time.

## FIND CHARGING STATIONS

Use the app to search for nearby charging stations and their status.

## SEND DESTINATION<sup>4</sup>

Search and send a location from your app to your vehicle's navigation system.

## FIND MY CAR

Never forget where you parked by getting your vehicle location right in the app.

## VEHICLE NOTIFICATIONS

Receive information about warning lamps or maintenance reminders for your vehicle.

## STAY CONNECTED

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

3. Preconditioning will not operate if the battery level is low. Honda recommends using a Level 2 (240V) charger if preconditioning while the vehicle is plugged in.

4. Touring model only.

# Your safety ecosystem.

## BRAKE

### FORWARD COLLISION WARNING (FCW) SYSTEM

The FCW system<sup>1</sup> is integrated with CMBS<sup>®</sup> and designed to detect the presence of vehicles in front of you, issuing alerts if you're approaching with too much speed. If you fail to respond to the alerts, CMBS<sup>®</sup> is triggered into operation.

### COLLISION MITIGATION BRAKING SYSTEM™ (CMBS<sup>®</sup>)

To help reduce the likelihood or severity of a frontal impact, the CMBS<sup>®</sup> is engineered to apply brake pressure if you don't slow down when it detects you're at risk of a collision. If it still senses an imminent collision, CMBS<sup>®</sup> is designed to brake firmly.

### LANE DEPARTURE WARNING (LDW) SYSTEM

The LDW system<sup>1</sup> is designed to monitor vehicle lane position and alert you if your vehicle drifts into a new lane when you haven't signaled.

### LANE KEEPING ASSIST SYSTEM (LKAS)

The LKAS<sup>1</sup> is engineered to gently correct your steering if you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

### ROAD DEPARTURE MITIGATION (RDM) SYSTEM

The RDM system<sup>1</sup> is designed to help steer and even apply the brakes to help keep the vehicle from leaving the road.

### ADAPTIVE CRUISE CONTROL (ACC) WITH LOW-SPEED FOLLOW (LSF)

The ACC system<sup>1</sup> with Low-Speed Follow is designed to keep a set speed and set following interval behind the vehicle detected in front of you, including the ability to start and stop the vehicle with the flow of traffic.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

At Honda, we strive to provide a high level of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. This added peace of mind helps our drivers maintain the confidence to enjoy every road to the fullest.

## Active safety

### Controlled Braking

To assist with safe stopping, the 4-wheel Anti-lock Braking System<sup>1</sup> (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist is engineered to help improve braking performance by applying brake pressure when a panic stop is detected.

### Vehicle Stability Assist (VSA<sup>®</sup>) with Traction Control

Vehicle Stability Assist<sup>1</sup> with Traction Control is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

### Hill Start Assist<sup>1</sup>

When you take your foot off the brake, this feature is engineered to temporarily maintain brake pressure to help prevent your Clarity from starting to roll backwards when stopped on an incline.

## Passive safety

### Advanced Compatibility Engineering™ (ACE™) body structure

The highly innovative, next-generation Advanced Compatibility Engineering™ (ACE™) body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in a severe collision to help prevent intrusion into the passenger cabin.

### Seat belt safety

The Clarity helps prepare you for the unexpected with 3-point height-adjustable front seat belts with automatic tensioning system and 3-point rear seat belts.

### HondaLink™ Assist Automatic Emergency Response System

The HondaLink Assist Automatic Emergency Response System<sup>1,2,3</sup> helps you get the help you need when you need it most. If the airbags deploy, your Display Audio System<sup>1</sup> is designed to automatically attempt to put you on a call with an operator who will forward your location to first responders if needed. It works with any compatible Bluetooth<sup>®</sup>-paired phone as long as it has reception, does not require a subscription and gives you added peace of mind while you're on the road.

### Pedestrian safety

Innovative pedestrian safety features include an energy-absorbing hood and front fenders and deformable wiper pivots.

### Child safety

The Clarity features childproof rear door locks, as well as rear seat Lower Anchors and Tethers for Children (LATCH), which give you a simple and convenient method to install compatible child safety seats without using the vehicle's seat belt system.

### Seven standard airbags

The cabin of the Clarity contains seven standard airbags. It features an i-SRS front airbag system, driver knee airbag, as well side curtain airbags designed to deploy in the event of a rollover. Plus, it has SmartVent™ side airbags, which are designed to deploy in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

**Solid on safety.**

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.  
2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. ## The Power of Dreams, in all their forms.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology; the race-inspired performance of our motorcycles and automobiles; the world's most advanced humanoid robot, ASIMO; HondaJet, the fastest, highest flying and most fuel-efficient aircraft in its class; and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to help preserve our planet. This belief is why we make significant efforts to help ensure preservation of the environment in virtually all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 140,000 trees in Canada over the last 11 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power of Dreams.

**We're Here.** At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit [honda.ca](http://honda.ca). It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

**We're Ready to Help.** When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

**Honda Plus Extended Warranty.** Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that's uncertain is where it will take you.

**Honda Financial Services.** Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

**New Honda Vehicle Warranty.** The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor's Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

**Genuine Honda Accessories** give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

**Genuine Honda Replacement Parts** are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

**Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in cargo areas. Always read the vehicle owner's manual for detailed vehicle operation and feature information.**

## CLARITY PLUG-IN

- KEY FEATURES:**
- 1.5-litre, 16-valve, Atkinson cycle DOHC, 4-cylinder engine with 181 hp electric motor horsepower<sup>1</sup> and 212 hp combined total horsepower<sup>1</sup>
  - 18" hybrid-aerodynamic aluminum-alloy wheels
  - 180-watt AM/FM audio system with MP3/Windows Media® Audio playback capability and 8 speakers
  - 60/40 split fold-down rear seatback with centre armrest
  - 8" Display Audio System<sup>2</sup>
  - Apple CarPlay™<sup>2,4</sup>/Android Auto™<sup>2,4</sup>
  - E-Continuously Variable Transmission (E-CVT)
  - Eco Assist™ system
  - Heated front seats
  - Honda LaneWatch™ blind spot display<sup>2</sup>
  - HondaLink™<sup>2,4,8</sup> app with remote commands
  - HV charge mode button
  - i-SRS airbag system (front)
  - LED brake lights, daytime running lights and taillights
  - LED front turn signal indicators
  - LED headlights with auto-on/off (High and low beam)
  - Proximity key entry system with pushbutton start
  - Smart wiper system
  - Steering wheel-mounted controls (cruise control, audio, telephone, Driver Information Interface)
  - Steering wheel-mounted deceleration paddle selectors
  - Three-mode drive system (Sport, Normal, Econ)
  - Up to 76 km<sup>13</sup> All-Electric Range (AER)
  - Up to 547 km<sup>14</sup> Overall range

- HONDA SENSING™ TECHNOLOGIES**
- Collision Mitigation Braking System™<sup>2</sup> (CMBS®)
  - Forward Collision Warning (FCW) system<sup>2</sup>
  - Lane Departure Warning (LDW) system<sup>2</sup>
  - Road Departure Mitigation (RDM) system<sup>2</sup>
  - Adaptive Cruise Control (ACC)<sup>2</sup> with Low-Speed Follow

- FUEL ECONOMY**
- 2.1 L/100 km<sup>12</sup> Combined (electric/gasoline)
  - 5.3/5.9/5.6 L/100 km<sup>11</sup> Gasoline only (City/Hwy/Combined)

## CLARITY TOURING

- ADDS TO OR REPLACES PLUG-IN FEATURES:**
- 8" Display Audio System<sup>2</sup> with Honda Satellite-Linked Navigation System™<sup>2,6</sup> with bilingual Voice Recognition
  - HomeLink® remote system<sup>7</sup>
  - Leather-trimmed seating surfaces
  - Leather-wrapped steering wheel
  - SiriusXM™<sup>2,10</sup>
  - Up to 76 km<sup>13</sup> All-Electric Range (AER)
  - Up to 547 km<sup>14</sup> Overall range

- FUEL ECONOMY**
- 2.1 L/100 km<sup>12</sup> Combined (electric/gasoline)
  - 5.3/5.9/5.6 L/100 km<sup>11</sup> Gasoline only (City/Hwy/Combined)

# Exterior & Interior Colours

| CLARITY PLUG-IN HYBRID | CLARITY PLUG-IN                  | CLARITY TOURING |
|------------------------|----------------------------------|-----------------|
| Modern Steel Metallic  | Black Combi (Bio Fabric/Leather) | Black Leather   |
| Platinum White Pearl   | Black Combi (Bio Fabric/Leather) | Black Leather   |

| Moonlit Forest Pearl   |                                  | Beige Leather   |

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit [www.honda.ca/disclaimers](http://www.honda.ca/disclaimers) and refer to the vehicle's Owner's Manual.

3. For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.

4. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

5. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.

6. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

7. HomeLink® can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.).

8. The availability of certain GPS satellite and/or cellular networks is required for HondaLink™ to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Some restrictions may apply. For additional HondaLink™ information, please visit [www.honda.ca/hondalink](http://www.honda.ca/hondalink) and [www.honda.ca/privacy](http://www.honda.ca/privacy).

9. Coverage varies by market.

10. Only available in certain areas. Includes a no-charge trial of three months.

11. Estimated City/Hwy/Combined fuel consumption for gasoline-only operation based on Government of Canada's 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

12. Estimated City/Hwy/Combined fuel consumption for blended electric and gasoline operation based on Government of Canada's 5-cycle testing method. Your actual fuel consumption will vary based on your driving habits and conditions, charging practice, vehicle and battery pack age/conditions, and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

13. Estimated all-electric range (AER) based on Government of Canada's 5-cycle testing method when fully charged. Your actual range will vary based on your driving habits and conditions, charging practice, vehicle and battery pack age/conditions, and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

14. Estimated total electric/gasoline driving range based on Government of Canada's 5-cycle testing method when fully charged and with a full tank of gas. Your actual range will vary based on your driving habits and conditions, charging practice, vehicle and battery pack age/conditions, and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.
