There’s no membership card for Civic Nation. You just need to go with the flow and roll with the punches. One night, it’s a fancy dinner with way too many forks. Next night, it’s microwave popcorn on the couch. Sometimes, you’re hitting the gym at 5am. Others, you’re hitting the snooze button over and over and over. There are so many roads in Civic Nation. Be sure to drive them all.
The Civic has come a long way, and it keeps getting better. Since 1998, the Civic has been Canada’s best-selling car and it’s no wonder. The stunning exterior and impressive performance of the 2017 Civic are clear examples of its exciting evolution. Its progressive look is perfectly complemented by a sophisticated interior designed with your comfort and safety in mind. If you’re looking for greatness, we’ve got a seat for you.

You are now entering Civic Nation.

The Civic has come a long way, and it keeps getting better. Since 1998, the Civic has been Canada’s best-selling car and it’s no wonder. The stunning exterior and impressive performance of the 2017 Civic are clear examples of its exciting evolution. Its progressive look is perfectly complemented by a sophisticated interior designed with your comfort and safety in mind. If you’re looking for greatness, we’ve got a seat for you.
Turns out, looks can get you everywhere. With an aggressive stance and sporty, sleek lines, the Civic Sedan looks great from every angle. Up front, LED daytime running lights and available LED headlights give it a distinctive presence that lets everyone know you’re coming. When you’re in it, you’ll sit pretty on its available fashionable 17" aluminum-alloy wheels. If you want a fresh view, lower the windows, tap a button and open up the available power moonroof with tilt feature. Plus, available fog lights up front and available mirror-integrated LED turn signal indicators help you stand out on the road. Be proud. Confidence looks good on you.

Key Features:
- Standard LED daytime running lights and available LED headlights
- Available 17" aluminum-alloy wheels
- Available rear deck lid spoiler

Room for everything but compromise.
Two doors. One of a kind.

The Coupe’s jaw-dropping exterior is bound to make you do a double take. With a low-slung, aggressive stance and sleek, clean lines hugging the Coupe’s exterior, it stands out from the crowd wherever it goes. Below its tough-looking shell sit standard 16” aluminum-alloy wheels. To satisfy the edgier side of you, 17” aluminum-alloy wheels are available as well. Around the back, you’ll catch yourself admiring the view thanks to the signature LED taillights and taillight-integrated rear spoiler. If you think the Civic Coupe looks like fun, just wait until you get behind the wheel.

Key Features:
- Available power moonroof with tilt feature
- Available fog lights and mirror-integrated LED turn signal indicators
- Standard LED daytime running lights and available LED headlights
- Available 17” aluminum-alloy wheels

Accessorized model shown.
Beauty really does come from the inside.

If you thought the Civic looked good outside, wait until you get in. Available heated front and rear seats (rear available on Sedan only), plus available leather trimmed seating surfaces, make it look like a hot ride that’s extremely easy to warm up to. Plus, the available dual-zone automatic climate control lets you and your passenger choose your own temperatures. Up front, the sleekly-designed, available leather-wrapped steering wheel with mounted audio and available cruise control helps keep control at your fingertips. Plus, the available 60/40 split fold-down seatback helps you accommodate larger or bulky items. And the available proximity key entry system with pushbutton start makes it even easier to get in and get going. For the full experience, just hit the accelerator and find some open roads.

Key Features: Available heated front and rear seats (rear available on Sedan only) | Available leather trimmed seating surfaces | Available dual-zone automatic climate control | Available 60/40 split fold-down rear seatback
Runs on fuel, fun and adventure.

Whether it’s a long drive or short haul, an open road or rush hour traffic, you’ll look forward to powering through it all with the Civic. The 1.5-litre turbocharged direct-injected 4-cylinder engine is available on every Civic model. The 2.0-litre, 16-valve, DOHC, i-VTEC® engine is standard on the Sedan and Coupe. If you’re the type who loves control, you’ll love the standard 6-speed manual transmission (MT) on the Sedan (DX and LX) and Coupe (LX and EX-T). But if you simply want to pop it in drive and go, the available continuously variable transmission (CVT) is your golden ticket. Plus, thanks to Eco Assist™ with ECON mode, the Civic is designed to help keep you on the road longer, and away from gas stations.
The Hatchback is back.

The Civic Hatchback is back and it’s better than ever. With a uniquely sporty design and innovative silhouette, the Hatchback is guaranteed to get attention on the road and in your driveway. Its aggressive stance is boldly complemented by a distinctive body-coloured rear roofline spoiler and an available dual centre exhaust with chrome finisher. With the available 18” aluminum-alloy wheels and the sporty skirt package, you’ll stand out even more. Plus, with the available LED headlights and a standard multi-angle rearview camera, you’ll keep a close watch on your surroundings. With the all-new Civic Hatchback, just step in and you’ll stand out.

Key Features:
- Available LED headlights
- Available 18” aluminum-alloy wheels with dark finish
- Available dual centre exhaust with chrome finisher
- Standard body-coloured rear roofline spoiler

1. None of the features we describe are intended to replace the driver’s responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle’s Owner’s Manual.
All Civic. More cargo.

If you’re impressed with its look, just wait until you see what’s inside. Not only does the Hatchback boast a striking exterior, it also offers progressive versatility with best-in-class cargo space.1 With the convenient 60/40 split-fold-down rear seatback, packing in whatever you need will be a breeze.

The Hatchback comes equipped with heated front seats and available heated rear seats that help make the sometimes unbearable Canadian winters a little more, well, bearable. In addition, the cargo cover can be easily retracted to give you more options when filling up the back. Who knew practicality could look so good?

Key Features:
- Class-leading seat up cargo volume1
- 60/40 split fold-down rear seatback
- Heated front seats
- Available heated rear seats
- Retractable cargo cover

1. Rear cargo volume with the rear seats up. Based on information available to Honda Canada Inc. as of September 29, 2016.
Turbocharged. Manual. And for your third wish?

In the Civic Hatchback, getting there is way more than half the fun. The 1.5-litre, 16-valve, Direct Injection, DOHC, turbocharged 4-cylinder engine makes any drive a joy ride. If you’re looking for great power and control, the 6-speed manual transmission comes standard on all trims. If you’d rather skip the shift and drive, the available continuously variable transmission (CVT) and available steering wheel-mounted paddle shifters are perfect for you. With the Civic Hatchback, you’ll have more room, more power and absolutely more fun than ever before.

**Key Features:**
- 1.5-litre, 16-valve, Direct Injection, DOHC turbocharged 4-cylinder engine
- 6-speed manual transmission
- Available continuously variable transmission (CVT)
- Available steering wheel-mounted paddle shifters
Beauty is nothing without brains.

Available Honda LaneWatch™ blind spot display.
Keep more of your right side in sight with available Honda LaneWatch™ blind spot display. It's engineered to send a live video feed from a camera mounted under your passenger-side mirror to your Display Audio System, providing close to four times more visibility than a side view mirror alone.

7” Display Audio System.
The available state-of-the-art Display Audio System is technology worthy of a keynote address. Intuitive and easy to use, it features a 7” touch-screen and works just like a tablet. This means you can swipe, pinch and tap to navigate through the audio system, display settings and advanced features. It's innovation you can touch.

Available Apple CarPlay™/Android Auto™
Your Civic has the soul of a smartphone. Teamed up with the available Display Audio System, Apple CarPlay™ and Android Auto™ seamlessly connect your compatible smartphone to let you use some of your apps. It'll make staying in touch with family and friends more convenient and your drive more entertaining.

Available wireless charging.
Just drop any Qi wireless charging compatible smartphone or accessory case into the available wireless charging pad and the Civic will keep your phone juiced.

The available Honda Satellite-Linked Navigation System™ comes with bilingual Voice Recognition, and uses the Display Audio System to plan your route. It's like asking someone for directions who actually knows where they're going.

Multi-angle rearview camera.
In the Civic, you'll feel like you've got eyes on the back of your head. Once you swing it into reverse, a live feed from a rear camera is shown right on the Display Audio System. What's behind you is no longer a mystery.

---
1. None of these features are intended to replace the driver’s responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations, for additional feature information, limitations and instructions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner’s Manual.
2. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.
See more than the road ahead.

The Honda Sensing™ technologies are designed to help make your drive safer. With intuitive technology and design, we’ve created a way forward that we can all feel good about. Whether you’re driving or sitting in the passenger seat, feel confident in the latest in safety innovation from Honda.

Forward Collision Warning (FCW) system.
The available FCW system1 that is integrated with CMBS® is designed to detect the presence of vehicles in front of you and issue alerts if you’re approaching with too much speed. If you fail to respond to the alerts, the CMBS® is triggered into operation.

Collision Mitigation Braking System™ (CMBS®).
To help reduce the likelihood or severity of a frontal impact, the available CMBS® is engineered to apply brake pressure if you don’t slow down when it senses you’re at risk of a collision. If it still senses an imminent collision, CMBS® is designed to brake firmly.

Lane Departure Warning (LDW) system.
The available LDW system is designed to monitor vehicle lane position and alert you if your vehicle drifts into a new lane when you haven’t signaled.

Lane Keeping Assist System (LKAS).
The available LKAS is engineered to gently correct your steering if you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

Road Departure Mitigation (RDM) system.
The available Road Departure Mitigation system1 is designed to help steer and even apply the brakes to help keep the vehicle from leaving the road.

Adaptive Cruise Control (ACC) with Low-Speed Follow (LSF).2
The available ACC system1 is designed to keep a set speed and set following interval behind the vehicle detected ahead of yours, including the ability to start and stop the vehicle with the flow of traffic.

1 None of the features we describe are intended to replace the driver’s responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle’s Owner’s Manual.

2 Low-Speed Follow is not applicable on MT trims with Honda Sensing™ safety and driver assist features.
**Active Safety**

**Controlled Braking**
To assist with safe stopping, the 4-wheel Anti-lock Braking System (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist is engineered to help improve braking performance by applying brake pressure when a panic stop is detected.

**Vehicle Stability Assist (VSA®) with Traction Control**
Vehicle Stability Assist with Traction Control is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

**Hill Start Assist**
When you take your foot off the brake, this feature is engineered to temporarily maintain brake pressure to help prevent your Civic from starting to roll backwards when stopped on an incline.

**Passive Safety**

**Advanced Compatibility Engineering (ACE)® body structure**
The highly innovative, next generation Advanced Compatibility Engineering (ACE)® body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in severe collisions to help prevent intrusion into the passenger cabin.

**Child safety**
The Civic features childproof rear door locks (Sedan and Hatchback only), as well as rear seat Lower Anchors and Tethers for Children (LATCH), which give you a simple and convenient method to install compatible child safety seats without using the vehicle’s seat belt system.

**Pedestrian safety**
Innovative pedestrian safety features include an energy-absorbing hood and front fenders and deformable wiper pivots.

**Seat belt safety**
The Civic helps prepare you for the unexpected with 3-point height-adjustable (Sedan and Hatchback only) front seat belts with automatic tensioning system and 3-point rear seat belts.

**HondaLink™ Assist Automatic Emergency Response System**
The available HondaLink Assist Automatic Emergency Response System helps you get the help you need when you need it most. If the airbags deploy, your Display Audio System is designed to automatically attempt to put you on a call with an operator who will forward your location to first responders if needed. It works with any compatible Bluetooth-paired phone as long as it has reception, does not require a subscription and gives you added peace of mind while you’re on the road.

**HondaLink™ Assist Automatic Emergency Response System**
The available HondaLink Assist Automatic Emergency Response System helps you get the help you need when you need it most. If the airbags deploy, your Display Audio System is designed to automatically attempt to put you on a call with an operator who will forward your location to first responders if needed. It works with any compatible Bluetooth-paired phone as long as it has reception, does not require a subscription and gives you added peace of mind while you’re on the road.

**Six standard airbags**
The cabin of the Civic contains six standard airbags. It features dual-stage, multiple-threshold front airbags as well as side curtain airbags with rollover sensors, which are designed to deploy the side curtain airbags in the event of a rollover. Plus, it has SmartVent™ side airbags, which are designed to deploy in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

**Passive Safety**

**Solid on safety.**
At Honda, we strive to provide a high level of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. This added peace of mind helps our drivers maintain the confidence to enjoy every road to the fullest.

1. None of the features we describe are intended to replace the driver’s responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations.
2. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle’s Owner’s Manual.
3. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.
4. HondaLink™ Assist Automatic Emergency Response System is available on certain vehicles as part of HondaLink Assist.

**Active Safety**

**Controlled Braking**
To assist with safe stopping, the 4-wheel Anti-lock Braking System (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist is engineered to help improve braking performance by applying brake pressure when a panic stop is detected.

*Coming spring 2017.
The Power of Dreams, in all their forms.

At Honda, we’re committed to being a leader in innovative thinking. It’s part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people’s lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology; the race-inspired performance of our motorcycles and automobiles; the world’s most advanced humanoid robot, ASIMO; HondaJet, the fastest, highest flying and most fuel-efficient aircraft in its class; and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can’t be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to help preserve our planet. This belief is why we make significant efforts to help ensure preservation of the environment in virtually all of our company’s activities. It’s why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It’s why our Alliston, Ontario plant is ISO 14001 certified. And it’s why Honda, along with our associates and families, has helped plant more than 100,000 trees in Canada over the last 9 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That’s what we do. That’s The Power of Dreams.
We’re Here. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

We’re Ready to Help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

Honda Plus Extended Warranty. Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that’s uncertain is where it will take you.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

New Honda Vehicle Warranty. The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor’s Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

Genuine Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in the cargo area. Always read the vehicle owner’s manual for detailed vehicle operation and feature information.
