

A Message to Our Customers About Airbag Inflator Recalls

Honda is committed to addressing the needs and concerns of our customers and making clear that we stand behind the safety and quality of our products.

Regarding Takata airbags and the related recalls of Honda and Acura vehicles, we have a customer service procedure that addresses individual customer needs and concerns and encompasses, as appropriate, the replacement of airbag inflators and the provision of or reimbursement for temporary alternative transportation.

For anyone who owns one of our vehicles and is concerned, we encourage Acura vehicle owners to visit www.acura.ca/recalls or call 1-800-667-6784 and Honda vehicle owners to visit www.honda.ca/recalls or call 1-800-667-6784. We encourage customers with an affected vehicle to take immediate action to have their vehicle serviced at their authorized dealership.
