

2012

THE NEXT GENERATION

To each their own.

Introducing the all-new 2012 Honda Civic. Or should we say “Civics”? There are five different models in the Civic family, with one that’s suited to you. Why? It’s simple, really: because all of us, from Earth lovers to leadfoots to carpoolers, are looking for our own unique mix of everything that makes a Civic a Civic. In short, because we’re all different.

The ride of a nation.

Made right here at home in our Alliston, Ontario plant, the  Civic isn’t just Canada’s best-selling car for 13 years running. It’s a big part of Honda’s Canadian identity. And with five different models and over 1.6 million sold, it seems like there really is a Civic for all of us.

Looks good on paper. Better on pavement.

Did someone say “complete redesign”? We said it. Then we did it. The all-new Civic Coupe’s sleek, aerodynamic look was designed to fit right in with the next generation. And with its powerful and efficient i-VTEC® engine and race-inspired handling, you’ll find your happy place behind the wheel.

Puts the sedan in its place.
Out in front.

In a line of already reliable cars, the Civic Sedan is our rock — it'll be yours too. Like every Civic, it's loaded with technology. The new intelligent Multi-Information Display (i-MID) makes Bluetooth® connectivity even better by letting you do more than just make calls with your smartphone. The feisty i-VTEC® engine and Motion-Adaptive Electric Power-Assisted Rack-and-Pinion Steering (EPS) make an invigorating drive a sure thing, while Eco Assist™ assures it will also be an efficient one. And with plenty of standard safety features like Vehicle Stability Assist (VSA®) with Traction Control, peace of mind is part of every ride.

NEXT GENERATION: interior

Headroom. Legroom. Vroom-room.

While you're enjoying the Civic's fluid performance and handling, you can bask in Honda's unparalleled attention to comfort, control and convenience. When designing the Civic's roomy interior, we pulled out all the stops. Our renowned attention to detail can be seen in the high-quality materials used throughout the cabin. A digital instrument panel, available leather-wrapped steering wheel, and finely finished seats give you the performance you expect from Honda on the inside and out.

NEXT GENERATION: performance

An essential source of adrenaline.

Whichever Civic you choose, there's an engine to suit your power and efficiency needs. The 4-cylinder i-VTEC® engine in both the Civic Coupe and Sedan is perky and responsive. The Hybrid has a 1.5-litre that's no slouch, either. And with Eco Assist™ on most Civics coaching you to use less fuel, they're all extremely efficient. No matter which model you choose, you get amazingly low fuel consumption with no sacrifice in power. Like to feel in control? Electric Power Steering, MacPherson strut front suspension and multi-link double-wishbone rear suspension aren't just a mouthful of words. They help provide the solid ride and handling Honda is known for.

Street smarts just got street cred.

The Civic Si, available in both Sedan and Coupe models, is more for those who like to get, well, more. More power, more technology, more reason to go, go, go. It's the athlete in the Civic family with its 201-hp, 2.4-litre, 4-cylinder i-VTEC engine, close-ratio 6-speed manual transmission, 360-watt Premium audio system with subwoofer. Through the i-MID system you can access the Si's unique power monitor and i-VTEC meter to see how much horsepower you're using and also the optimal time to shift gears. It's like getting continuous driving tips from an expert, but without all the small talk.

NEXT GENERATION: [Si interior](#)

Comfort zone 2.0.

Every Civic has its own unique feel, and the interior of the Si needs to be seen, felt and heard to be believed. We've packed it with all sorts of toys, like the i-MID (intelligent Multi-Information Display), Bluetooth connectivity and Honda Satellite-Linked Navigation System™, plus leather-wrapped steering wheel and shifter. We crafted sporty black seats with red stitch accents. We went with textured aluminum pedals. All because we know every driver needs a unique place to find their groove. And with ample room in the front and back, your passengers won't bother calling shotgun anymore.

NEXT GENERATION: Si performance

Performing daily and nightly.

The Civic Si's new, bigger 2.4-litre i-VTEC® engine is perfect for drivers who appreciate the not-so-little things. The 201-horsepower engine with 170 lb.-ft. of torque is all business, especially if your business is gobbling up the open road. The close-ratio 6-speed manual transmission, unique 17-inch aluminum-alloy wheels and multi-link double-wishbone rear suspension make for a ride that race car drivers would appreciate on the track, let alone off it.

The environment's new BFF.

The Civic Hybrid lets you make the most of your thoughtful side, whether it's thinking about fuel consumption, a cozy interior or that big beautiful thing called nature. The Hybrid sports an efficient 1.5-litre, i-VTEC[®] 4-cylinder engine with Integrated Motor Assist IMA[®] and a lighter Li-ion (lithium-ion) battery that packs more power in a smaller package. The IMA system controls the balance between the engine and the Hybrid's electric motor, which is always ready to supplement power when needed. In some conditions, it can even propel the car all by itself. Talk about a team effort. The Hybrid also has a combined fuel economy of 4.3 litres per 100 km and an exceptionally clean Tier 2 Bin 3 emission rating. No matter what colour you choose, it'll have more than a hint of green.

NEXT GENERATION: [hybrid performance](#)

Stay ahead of the curve while you're behind the wheel.

If you want all the fun of the Civic but like to embrace more of your responsible side, the Civic Hybrid is for you. The i-VTEC engine – race-inspired, of course – is paired with the Integrated Motor Assist IMA system for an extra power boost from the electric motor when you need it. The Li-ion battery stores up lots of power without taking up lots of space, power that helps maintain the Civic Hybrid's brisk performance. Meanwhile, the continuously variable transmission (CVT) adds to the overall efficiency so that you can go green and just go.

NEXT GENERATION: efficiency

Do more with the push of a button.

We all have our own idea of good, clean fun. Some people get giddy squeezing the last drop from every litre of fuel and the Civic is up for the challenge. Push the ECON button, standard on most Civics including the Hybrid, to maximize fuel consumption. Or let the innovative Eco Assist™ system coach you to more efficient driving habits. The system's blue and green bars on either side of the speedometer give you feedback on how many kilometres you're getting out of every litre of gas. The more green you see, the farther you'll go. And while the i-VTEC® engine has big oomph, it also has low emissions. All this fuel-saving technology means fewer painful smackdowns at the gas pump.

The innovative Eco Assist system helps by coaching you to drive more efficiently — the blue bars turn green when you're using less fuel.

NEXT GENERATION: innovation

Function with all your functions.

Sitting in the heart of the two-tier digital instrument panel, i-MID is like mission control for all your mission-critical functions. Upload a personal photo as wallpaper background. Browse songs in your handheld device's music library. Surf your favourite stations with XM[®] Satellite-equipped models. Access Bluetooth HandsFreeLink to make calls. Use it to get important driver-related info like fuel consumption, or turn-by-turn directions if you opt for the available navigation system. Just think of i-MID as the ultimate app.

NEXT GENERATION: technology

Technology is its first language.

In addition to the i-MID, the Civic is overflowing with technology. You can get available features like the Honda Satellite-Linked Navigation System, Bluetooth connectivity for your phone with audio streaming, XM® Satellite Radio and a USB device connector. And you can control them all right from your steering wheel. It's like a state-of-the-art home entertainment system you can take to the drive-through.

NEXT GENERATION: safety

It has your back. And front. And sides.

With an impressive array of standard safety features, every Civic is designed to help protect you and your passengers, no matter what model or trim. How? We'll let you count the ways: 4-wheel Anti-lock Braking System (ABS), Advanced Compatibility Engineering™ (ACE™) body structure, 6 standard airbags and Vehicle Stability Assist (VSA®) with Traction Control. It's simple: safety runs in the family.

NEXT GENERATION: [accessories](#)

Make it exclusively yours.

We've broken the traditional offering of Honda Genuine Accessories into two groups to help to create the Civic that defines you. Stay sensible with our +Function options like the cargo net, splash guards, body side mouldings and door visors. Or channel your inner adrenaline junkie through our +Style line and add on alloy wheels, a rear wing spoiler, interior illumination and sport suspension.

17" HFP alloy wheels (tires sold separately), locking wheel nuts,
Fog Light Kit, Aero Package (front, side, rear underspoilers),
body side mouldings (these items are not packaged together)

NEXT GENERATION: [accessories](#)

You, even better.

+Style

Aero Package, interior illumination, 16", 17" and 18" alloy wheels, sport suspension, rear wing spoiler, decklid spoiler and fog lights

+Function

All-season mats, cargo net, hood edge deflector, moonroof visor, body side mouldings, cargo hooks, auto day/night mirror, door visors and many more

16" alloy wheels (tires sold separately), Fog Light Kit, rear wing spoiler, door visors, body side mouldings

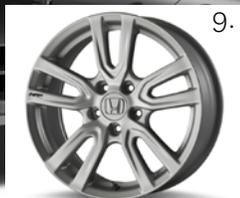

1. Interior illumination (blue)
2. Moonroof visor
3. Decklid spoiler (Sedan)
4. Cargo net

- 5. All-season mats (black)
- 6. Body side mouldings
- 7. Fog lights
- 8. Door visors
- 9. 17" accessory wheel
- 10. Rear splash guards

Civic EX-L Sedan

Adds to or replaces EX features:

5-speed automatic transmission (AT) with Grade Logic Control and lockup torque converter · 12-volt power outlets (2) · Driver's seat with 8-way power adjustment · Heated front seats · Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition · Illuminated steering wheel-mounted audio, cruise, i-MID, navigation and phone controls · Leather-trimmed seating surfaces · Multi-reflector halogen headlights with auto-on/off · XM® Satellite Radio*

*Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca.

ENGINE

1.8-litre, 16-valve, SOHC, i-VTEC® 4-cylinder
140 horsepower @ 6500 rpm*
Torque: 128 lb.-ft. @ 4300 rpm*
Displacement: 1798 cc
Redline: 6700 rpm
Emissions rating: Tier 2 Bin 5
Bore and stroke: 81 x 87.3 mm
Compression ratio: 10.6:1
Ecological Drive Assist System™ (Eco Assist™)
Recommended fuel: Regular
*Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

DRIVETRAIN

5-speed automatic transmission (AT) with Grade Logic Control and lockup torque converter
Drive-by-Wire Throttle System™
Front-wheel drive

CHASSIS

16" aluminum-alloy wheels
All-season tires: P205/55 R16 89H
MacPherson strut front suspension
Front and rear stabilizer bars
Motion-Adaptive Electric Power-Assisted Rack-and-Pinion Steering (EPS)
Multi-link double-wishbone rear suspension
Power-assisted, ventilated front disc/solid rear disc brakes

EXTERIOR

Body-coloured door handles
Body-coloured heated side mirrors
Folding power side mirrors
Front splash guards
Multi-reflector halogen headlights with auto-on/off
Power moonroof with tilt feature
Rear window defroster with timer

ENTERTAINMENT

160-watt AM/FM/CD audio system with MP3/Windows Media® Audio playback capability and 6 speakers
Audio anti-theft feature
Illuminated steering wheel-mounted audio controls
Integrated glass antenna
MP3/auxiliary input jack
Speed-sensitive Volume Control (SVC)
USB device connector
XM® Satellite Radio†

†Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca.

SEATING & TRIM

60/40 split fold-down rear seatback
Adjustable head restraints
Driver's seat with 8-way power adjustment
Floor mats
Heated front seats
Leather-trimmed seating surfaces
Leather-wrapped steering wheel

SAFETY

3-point seat belts with front pretensioners
4-wheel Anti-lock Braking System (ABS) with Electronic Brake Distribution (EBD) and Brake Assist
Advanced Compatibility Engineering™ (ACE™) body structure
Childproof rear door locks
Daytime Running Lights (DRL)
Dual-stage, multiple-threshold front airbags (SRS)
Emergency trunk release
Front side airbags with passenger-side Occupant Position Detection System (OPDS)
Immobilizer Theft-Deterrent System
Lower Anchors and Tethers for Children (LATCH)
Security system
Side curtain airbags
Vehicle Stability Assist (VSA®) with Traction Control

DIMENSIONS

Cargo volume: 344 L
Curb weight: 1267 kg‡
Fuel tank capacity: 50 L
Headroom – front/rear: 963/920 mm‡
Height: 1435 mm
Hip room – front/rear: 1283/1306 mm
Legroom – front/rear: 1066/919 mm
Length: 4504 mm
Passenger volume: 2607 L‡
Shoulder room – front/rear: 1438/1355 mm
Track – front/rear: 1499/1522 mm
Wheelbase: 2670 mm
Width: 1752 mm
‡Dimensions are for vehicles without options.

FUEL ECONOMY** (L/100 KM)

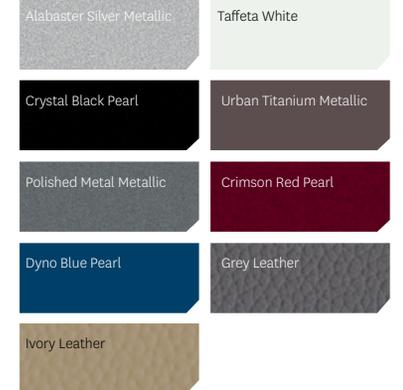

Automatic transmission (City/Hwy/Combined):
7.2/5.0/6.2

**Fuel consumption for comparison purposes only and may vary with usage and accessories. See dealer for latest EnerGuide results published by Natural Resources Canada (when available).

COMFORT & CONVENIENCE

12-volt power outlets (2)
Air conditioning with air-filtration system
Cargo area light
Digital fuel-mileage indicator
Digital odometer
Digital trip meter
Exterior temperature indicator
Front and rear door pockets
Front and rear beverage holders
Front console armrest
HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface
Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition
Illuminated driver's window and door lock controls
Illuminated steering wheel-mounted audio, cruise, i-MID, navigation and phone controls
intelligent Multi-Information Display (i-MID)
Maintenance Minder system
Map lights
Multi-functional centre console storage
Passenger-side seatback pocket
Power windows with auto-up/down driver's window
Programmable automatic power door locks
Rear beverage holders
Rear-seat armrest
Rear-seat heater ducts
Remote entry system with electronic trunk release
Remote fuel filler door release
Seat-belt warning chime
Tilt and telescopic steering column
Variable intermittent windshield wipers
