The minivan that can.

The all-new 2018 Odyssey is here and it's mighty impressive. Loaded with new features and technologies, the Odyssey now offers more convenience, more connectivity and more fun than ever before. With the uniquely versatile Magic Slide 2nd-Row Seats,[™] passenger accessibility and comfort is at an ultimate high. To keep everyone on board even happier, the Odyssey now impressively offers available AT&T Wi-Fi hotspot^{2,3} and an available advanced Rear Entertainment System with streaming capability. With the new available CabinWatch^{™1} and CabinTalk^{™1} features, it's never been easier to see and communicate with passengers in the rear seats. From information and entertainment to navigation and trip-enhancing convenience, this is one minivan that aims to impress you and any passengers on board.

8-PASSENGER SEATING

Embrace the space. The 2018 Odyssey is a comfortable ride for 8 passengers.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.
2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.
3. New vehicles are equipped with a complimentary time or data trial period, whichever comes first. After the trial period, contact AT&T to purchase available data plans. 4G LTE connection speeds may vary by region.

 AVAILABLE HANDS-FREE POWER TAILGATE

Redesigned to re-knock your socks off.

The 2018 Odyssey is a perfect accessory for any family. It sports a sophisticated new design with bold, available 19" aluminum-alloy wheels to match. Up front, the Odyssey shines bright with available LED daytime running lights, headlights and fog lights, with LED taillights at the rear. You can now enjoy hands-free convenience with available power sliding doors and an available hands-free power tailgate with programmable height. Late or early, you'll always arrive fashionably.

Key Features

LED taillights

Available LED fog lights

Available 19" aluminum-alloy wheels

Available LED daytime running lights and available LED headlights

Available hands-free power tailgate with programmable height

Available power sliding doors

Family-friendly just
got family-friendlier.

 AVAILABLE HondaVAC™

The versatile interior of the Odyssey is perfect for your unpredictable lifestyle. It comes standard with a proximity key entry system with pushbutton start and remote engine starter so you can quickly get on your way. Once inside, the standard 8-passenger seating and cavernous cargo room with plenty of storage prove this minivan is far from mini. And if the kids start to fight, don't fret. In the 2018 Odyssey, you can easily slide them apart with the new Magic Slide 2nd-Row Seats™. These seats easily reconfigure for enhanced passenger comfort, cargo-hauling flexibility and easy access to third-row seating. In the back, simply pull on the seatback strap of the One-Motion 60/40 Split 3rd-Row Magic Seat® and it effortlessly folds away to create even more cargo space in seconds.

While the Magic Slide™ seats help keep the peace, the available HondaVAC™ helps keep your Odyssey looking clean. You'll love being in the driver's seat with standard heated front seats, and an available heated leather-wrapped steering wheel will help keep you cozy on cold mornings.

- Key Features**
- 8-passenger seating
 - Heated front seats
 - Power-adjustable driver and front passenger seat
 - Proximity key entry system with pushbutton start
 - Available HondaVAC™
 - Available heated leather-wrapped steering wheel
 - Available leather seating surfaces

Work the room.

Say hello to your new favourite seat. Well, besides the driver's seat, of course. The new Magic Slide 2nd-Row Seats™ on the 2018 Odyssey are a major innovation to family-friendly cabin seating flexibility. These seats easily reconfigure with four different modes to keep you and your passengers happy.

Standard seating
In Standard Seating Mode, with the centre seat in place, you can comfortably seat 8 passengers.

Easy Access Mode
With the centre seat removed in Easy Access Mode, the outboard seats slide laterally through five selectable positions, allowing for easy access to the third row even with one or two rear-facing child seats installed in the second row.

Buddy Mode
In Buddy Mode with the centre seat removed, you can put two passengers within easier reach of the front seats.

Separation Mode
If the kids start to fuss, Separation Mode allows for the centre seat to be removed so the two outboard seats can slide to their outer-most positions.

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

PERFORMANCE

The 2018 Odyssey boasts a new available 10-speed automatic transmission, the first of its kind in a minivan. It's powered by an impressive 3.5-litre direct-injected i-VTEC® V6 engine with Variable Cylinder Management®, producing 280 horsepower.¹

Why should kids get all the toys?

Gone are the days of worrying what the kids are getting up to in the back rows. With available CabinWatch™, you'll be able to monitor the second row (even with a child in a rear facing car seat) and third row on the 8" centre display, both day and night. Get used to hearing "Are we there yet?" a lot less with the available Honda Blu-ray™ Rear Entertainment System with streaming capability, which will keep your passengers amused with the ceiling-mounted, 10.2" display. With the available CabinTalk™ feature, you can now get everyone's attention by broadcasting your voice to the 2nd- and 3rd-row speakers and headphones.

The 2018 Odyssey is designed to make the guesswork outside of the vehicle a lot easier, too, with features like the available Blind Spot Information (BSI) system' with Rear Cross Traffic Monitor' system and the multi-angle rearview camera' with dynamic guidelines. From front to back, the 2018 Odyssey has stunning available all-new tech to help keep everyone on board connected, in control, and happy.

Key Features

- Apple CarPlay™^{1,2} / Android Auto™^{1,2}
- Remote engine start
- Available CabinWatch™ rear seat monitor – a world first
- Available CabinTalk™ in-car PA
- Available Display Audio System' with Honda Satellite-Linked Navigation System™^{1,3}
- Available wireless charging

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.
 2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.
 3. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

A minivan you can connect with. Literally.

The Odyssey is just as tech-savvy as you. The available HondaLink™^{1,2,3} helps connect you to a world of features both inside and outside of your vehicle, while other available apps and features are designed to entertain and inform.

HondaLink™^{1,2,3}

REMOTE START

Enjoy getting into a comfortable car with automatically adjusted climate control.

REMOTE DOOR LOCK/UNLOCK

Whether you're locked out or forgot to lock up, count on quick, keyless entry and remote assurance from almost anywhere.

GEOFENCE ALERT

Get notified when your car enters or leaves a designated region.

STOLEN VEHICLE LOCATOR

Designed to help recover your stolen vehicle faster. The system uses sophisticated technology to assist the authorities with attempting to find your vehicle.

AUTO COLLISION NOTIFICATION (ACN)

In the event of an accident, a response agent automatically checks in and helps send emergency care, even when passengers aren't able to respond.

AT&T WI-FI HOTSPOT

Connect up to 8 compatible devices with your vehicle's built-in Wi-Fi hotspot^{2,4}. Enjoy up to 4G LTE speeds on multiple devices. From the open road, you'll be able to stream hours of videos, play games, get real-time email access and surf the web. You'll be able to stay connected up to 50 feet away from your Odyssey.

CABINCONTROL™ APP

CabinControl™^{TM1,2} gives everyone the opportunity to control the rear temperature, add music to a playlist and send an address to the available Honda Satellite-Linked Navigation System™^{TM1,5}

"HOW MUCH FARTHER?" APP

The available "How Much Farther?" app⁵ is a child-friendly navigation tracking App built in to the Rear Entertainment System. Using multiple background themes with animation, your passengers can track the trip's progress in a fun and interactive way.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

3. Subscription to HondaLink™ services is required. HondaLink™-equipped vehicles come with complimentary time-limited trial subscriptions; fees, taxes and other charges will apply in order to continue subscription services upon trial expiry. The availability of certain GPS satellite and/or cellular networks is required for HondaLink™ to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Some restrictions may apply. For additional HondaLink™ information, please visit www.honda.ca/hondalink and www.honda.ca/privacy.

4. New vehicles are equipped with a complimentary time or data trial period, whichever comes first. After the trial period, contact AT&T to purchase available data plans. 4G LTE connection speeds may vary by region.

5. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

Give your Odyssey a sixth sense.

BRAKE

**FORWARD COLLISION WARNING
(FCW) SYSTEM**

The FCW system¹ is integrated with CMBS[®] and designed to detect the presence of vehicles in front of you, issuing alerts if you're approaching with too much speed. If you fail to respond to the alerts, CMBS[®] is triggered into operation.

**COLLISION MITIGATION BRAKING
SYSTEM™ (CMBS[®])**

The Honda Sensing™ technologies are designed to help improve the driver's situational awareness, and, in some cases, intervene to help avoid a collision or lessen its severity. Whether you're driving or sitting in the passenger seat, feel more confident with the added safety of driver assistive innovation from Honda.

To help reduce the likelihood or severity of a frontal impact, the CMBS[®] is engineered to apply brake pressure if you don't slow down when it detects you're at risk of a collision. If it still senses an imminent collision, CMBS[®] is designed to brake firmly.

**LANE DEPARTURE WARNING
(LDW) SYSTEM**

The LDW system¹ is designed to monitor vehicle lane position and alert you if your vehicle drifts into a new lane when you haven't signaled.

**LANE KEEPING ASSIST SYSTEM
(LKAS)**

The LKAS¹ is engineered to gently correct your steering if you begin to leave a detected lane without signaling, applying torque progressively to the steering to help guide you back to the centre of the lane.

**ROAD DEPARTURE MITIGATION
(RDM) SYSTEM**

The RDM system¹ is designed to help steer and even apply the brakes to help keep the vehicle from leaving the road.

**ADAPTIVE CRUISE CONTROL
(ACC)**

The ACC system¹ is designed to keep a set speed and set following interval behind the vehicle detected ahead of yours.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

Solid on safety.

At Honda, we strive to provide a high level of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. This added peace of mind helps our drivers maintain the confidence to enjoy every road to the fullest.

Active safety

Controlled Braking

To assist with safe stopping, the 4-wheel Anti-lock Braking System¹ (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brakeforce Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist is engineered to help improve braking performance by applying brake pressure when a panic stop is detected.

Tire Pressure Monitoring System (TPMS)

To promote enhanced safety and fuel efficiency, the Tire Pressure Monitoring System² continually checks the air pressure in each tire. If pressure drops in any tire, the driver receives a dashboard alert.

Hill Start Assist¹

If you take your foot off the brake when stopped on an incline, this feature is engineered to temporarily maintain brake pressure to help prevent your Odyssey from starting to roll backwards.

Vehicle Stability Assist (VSA®) with Traction Control

Vehicle Stability Assist¹ with Traction Control is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

Auto high beam¹

The auto high beam feature automatically changes the low beam headlights to high beam headlights in certain circumstances to help improve your vision.

Passive safety

Seat belt safety

The Odyssey helps prepare you for the unexpected with 3-point height-adjustable front seat belts with automatic tensioning system, and 3-point rear seat belts in the second and third rows.

Child safety

Standard Lower Anchors and Tethers for Children (LATCH) offer three secure childseat restraint positions in the second row, while the third row has two positions. The Odyssey also features childproof rear sliding door locks.

Pedestrian safety

Innovative pedestrian safety features include an energy-absorbing hood and front fenders and deformable wiper pivots.

Advanced Compatibility Engineering™ (ACE™) body structure

The highly innovative, next-generation Advanced Compatibility Engineering™ (ACE™) body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in a severe collision, to help prevent intrusion into the passenger cabin.

Eight standard airbags

The cabin of the Odyssey contains eight standard airbags. It features an i-SRS front airbag system, knee airbags and three-row side curtain airbags with a rollover sensor system designed to deploy them in the event of a rollover. Plus, it has SmartVent™ side airbags, which are designed to deploy safely in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

Solid frame structure

Like all Honda trucks, the Odyssey is built with a rigid unit-body frame for added strength, stability and vehicle handling.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.
2. For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.

Blue Skies for Our Children

The Power of Dreams, in all their forms.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology; the race-inspired performance of our motorcycles and automobiles; the world's most advanced humanoid robot, ASIMO; HondaJet, the fastest, highest flying and most fuel-efficient aircraft in its class; and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to help preserve our planet. This belief is why we make significant efforts to help ensure preservation of the environment in virtually all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 140,000 trees in Canada over the last 11 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power of Dreams.

HONDA
The Power of Dreams

We’re Here. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

We’re Ready to Help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

Honda Plus Extended Warranty. Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that’s uncertain is where it will take you.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

New Honda Vehicle Warranty. The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor’s Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

Genuine Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in cargo areas. Always read the vehicle owner’s manual for detailed vehicle operation and feature information.

Honda reserves the right to terminate or change any of the services and/or features listed in this brochure at any time, for any reason. Some features require registration. Certain features may transmit to Honda and/or other service providers a vehicle’s location, operating conditions or other information that may be tied to the vehicle identification number (VIN) and can be combined to track a vehicle. - Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.
- With the required accessory towing package. See your Owner's Manual for proper towing operation.
- None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.
- For optimal tire wear and performance, the pressure should be checked regularly with a tire gauge. Do not rely solely on the monitor system.
- Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.
- Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.
- Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.
- HomeLink® can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.).
- Subscription to HondaLink™ services is required. HondaLink™-equipped vehicles come with complimentary time-limited trial subscriptions; fees, taxes and other charges will apply in order to continue subscription services upon trial expiry. The availability of certain GPS satellite and/or cellular networks is required for HondaLink™ to operate properly. Service interruptions may occur and/or vehicle system upgrades may be required if cellular network availability is compromised. Some restrictions may apply. For additional HondaLink™ information, please visit www.honda.ca/hondalink and www.honda.ca/privacy.
- New vehicles are equipped with a complimentary time or data trial period, whichever comes first. After the trial period, contact AT&T to purchase available data plans. 4G LTE connection speeds may vary by region.
- Coverage varies by market.
- Only available in certain areas. Includes a no-charge trial of three months.
- Estimated fuel consumption based on Government of Canada's 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>
